Can Only be Permanently Cured When the Kidneys, Liver and Bowels are Set Right.

Use Dr. Chase's Kidney-Liver Pills.

By far the most important part of digestion takes place in the intestines, and it is fo ly to expect stomach medicines to cure a severe case of indigestion. The kidneys, liver and bowe's must first be set right, and the only combined remedy which acts directly on these organs is Dr. Chase's Kidney-Liver Pills.

Mrs T. Gorman, St. John, N. B., writes: "I have used Dr. Chase's Kidney liver Pills for chronic indigestion and they cured me. They are

the best medicine I ever used."

> THINGS OF VILUE. He: 'Do you re lly believe ignorance is bliss?' She: 'I don't know. You seem to be happy.'

There never was, and never will be, a universal sanacea, in one remedy, for the ilis to which flesh is heir—the very nature of mans curatives being such that were the germs of other and differently seated diseases roued in the system of the patient—what would relieve one ill in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the animal function of the system, thereby making activity a necessary result strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance - result improved appetite. Northrop & Lyman of Toronto, have given to the public their superior Quinne Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

Self control is that desirable quality which enables a man to kick himself without at the same

attracting general attention. If attacked with cholera or summer complaint of any kind send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordeal and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens the strongest man and that destroys the young and 'delicate. Those who have used this cholera medicine say it acts promptly and never fails to effect a thorough

If we knew as much as we think we know our opinion of ourselves would not be nearly so high. Unequalled —Mr. Thos. Brunt, Tyendinags, Ont, writes:—"I have to thank you for recommending Dr. Ihomas' Eclectric Oil for bleeding piles. I was troubled with them for nearly fifteen years, and tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from the distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

'From my first patient.' FOR THE OVERWORKED .- What are the causes of despondency and melancholy? A disordered liver is one cause and a prime one. A disordered liver means a disordered stomach, and a disordered stomach means disturbance of the nervous system. This brings the whole body into subjection and the victim feels sick all over. Parmetee's Vegetable Pilis are a recogn zed remedy in this state and re-

lief will follow their use. It we spent more of the time doing the things we can that we devote to wanting to do the things we can't, we should find that we could do a greater

number of things. 10 ... 10 ... SOMETHING MORE THAN A PURGATIVE .- To purge is the only effect of many pills now on the market. Parmelee's Vegetable Pills are more than a purgative. They strengthen the stomach, where other pills weaken it. They cleanse the bood by regulating the liver and kidneys, and they stimulate where other pill compounds depress. Nothing of an injurious nature, used for merely purgative powers, entered into their compositions. enters into their compositions.
