Disease weaves its web around people a little at a time. They are not dangerously ill all at once. The beginnings of illness are mere trifles.

First a little indigestion, perhaps, or headaches, or an occasional bilious turn. It is hard to realize how you are being tangled up in the strands of sickness until you are fairly caught. Nearly all serious illnesses begin with some stomach or liver trouble, or with a costive condition of the bowels. These functions have got to be put in good condition before there can be any recovery from any disease no matter what its name or nature, and it is because Dr. Pierce's Golden Medical Discovery acts directly upon the liver and digestive organs that it has such a marvelous effect upon all diseases of malnutrition.

It gives the digestive system power to assimilate nourishment and make good blood; it drives out bilious poisons; it creates the red, vitalizing, life-giving elements in the circulation; and builds up the weak and wasted places in every corner of the constitution. Taken in conjunction with Dr. Pierce's Pleasant Pellets, it relieves obstinate constipation and keeps the bowels in a perfectly natural condition.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1894 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a bearing down sensation; was swelled across my stomach; had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to see change for the better. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and his Favorite Prescription, and one bottle of the 'Pleasant Pellets.' I began to improve very fast after the use of a few bottles. The physicians who attended me said my disease was leading into consumption. I had quite a cough, and the home physician gave me up to die. I thank God that my cure is permanent."

Mr. F. J. Painton, the well known proprietor of Painton's Music Store, Vancouver, B. C., writes: "I have been a great sufferer from asthma in its worst form for over four years, very often having had to sit up nearly all night. I had consulted physicians both in England and Canada without obtaining any permanent relief and tried many remedies with the same result. A friend who had been cured by Dr. Clarke's Kola Compound advised me to try it. And three bottles have entirely cured me. It is now nearly two years since my recovery, and asthma has not troubled me since. I feel very grateful to Dr. Clarke for introducing this wonderful remedy. I have frequently recommended it to others suffering as I was, and do not know of a single case where the required number of bottles have been taken that it has failed to cure.
