Society's principal amusement this week appears to have been skating-the Dartmouth lakes during these days being in superb condition. Jack Frost is holding his empire well this winter, and though he is obdurate in regard to giving us any snow, yet he has certainly acted in a kingly manner in the manner of excellent skating. The military element of society seems particularly enthusiastic about open air skating, and many very pleasant and gay companies of brave warriors and fair ladies might be observed any day this week on the ferry boats, en route to the lakes.

Lord Seymour and a party of ladies and gentlemen, principally military, spent a pleasant afternoon on the Dartmouth lakes last Tuesday; returnng the party had 'tea' at Belleview.

The Elmwood dance came off on Tuesday evening next-it is to be given by the guests of that establishment; it promises to be quite a brilliant affair.

Mrs. Hesslein gave a very pleasant euchre party at the Halifax hotel on Thursday. A large number of guests were present and thoroughly enjoyed

the evening. Mrs. Secton's "at home" on Monday was very largely attended by the fashionable element of

society-some very smart gowns were worn. Mrs. A. B. Rook, 63 Victoria road, had a very pleasant "at home" on Wednesday, from 4.30 to 7 Mrs. C. H. Cahan, 15 Inglis street, will entertain her lady friends "at home" on Thursday atternoon

next, 4 to 7. Mrs. F. W. W. Doane, Inglis street, had a delightful tea on Thursday afternoon, but as a maiden lady of uncertain age once remarked, 'it is always so much pleasanter when the young men are in evidence.' No doubt when Mrs. D. has a housewarming in her new residence on Young Avenue. she will not overlook the sterner sex.

On Monday night a party of about eighteen guests sat down at the "Prince of Wales," and discussed at great length a most elaborate menu. The ladies were all elaborately gowned in evening toilettes. The party were composed of Dr. and Mrs. McKay, Mr. and Mrs. A. C. Patterson, Miss Sutherland, Miss Dimock, Miss Mai Dimock, Miss Mc-Kay, Miss Mabel McKenzie, Miss Frances Yuill, Miss Tirrell, Dr. D. H. Muir, Messrs. W. P. Mc. Kay, A. Vizard, D. McP. Grant, Halifax, F. W. Cuiten, G. Hood.

The rink party, to which a number of gentlemen entertained a large contingent of their lady 'friends last night, was a huge success, and an evening of tho ough enjoyment. The ice was in perfect condition, and the music discoursed by the Citizen's Band of the sweetest. Hot coffee, sandwiches and other light eatibles were dispensed throughout the evening. Mrs. C. A. Armstrong and Mrs. F. S. Yorsten chaperoned to everyone's satisfaction. Among those present were :- Mr. and Mrs. Hallisey Mr. and Mrs. B. FEB. 8.-Mrs. Charles Smith, entertained on Wennesday last at afternoon tea the Women's Missionary Society, of the Methodist Church, at her lovely residence Havelock St. It was a most graceful and thoughtful act on her part, and much appraciated by her numerous guests Mrs. Smith was ably assisted by her daughter Miss Alice Smith and her sister Mrs. James Tweedie

The best thing with which mother can crown her daughter is a common sense knowledge of the distinctfeminine physiology. Every wo-

oughly understand her own nature. Every woman should understand the supreme importance of keeping herself well and womanly way. Nearly all of the

and aches, nearly all the weakness and sickness and suffering of women is due to disorders or disease of the organs dis-

tinctly feminine. A woman who suffers in this way is unfitted for wifehood and motherhood. Maternity is a menace of death. Thousands of women suffer in this way because their innate modesty will not permit them to submit to the disgusting examinations and local treatment insisted upon by the average physician. These ordeals are unnecessary Dr. R. V. Pierce, an eminent and skillful specialist, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has discovered a wonderful remedy with which women may treat and speedily cure themselves in the privacy of their own homes. This medicine is known as Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned. It makes them well and strong. It allays inflammation, heals ulceration, soothes pain and rests the tortured nerves. Taken during the critical period, it banishes the usual discomforts and makes baby's advent easy and almost painless. Thousands of women who were once weak, sickly, nervous fretful invalids, are now happy, healthy wives, because of this medicine. It is sold by all good medicine dealers and no honest dealer will advise a substitute.

"When I commenced using Dr. Pierce's medicines some three years ago," writes Mrs. Ella J. Fox, care of W. C. Fox, of Eldorado, Saline Co., Ills. "I was the picture of death. I had no heart to take anything. Weight was 125. My husband had been to see five different doctors about my trouble (female weakness). I commenced taking Dr. Pierce's medicines, also wrote to him for a vice. I took four bottles of Dr. Pierce's Favorite Prescription, and one vial of his 'Pleasant Pel lets,' and am now a well women."

SACKVILLE.

[PROGRESS is for sale in Sackville by W. J. | GENTLEMEN :-

FEB.-Wednesday evening last a pleasant little skating party was given by the Misses Minnie and Nellie Copp. The invited guests were Miss Trenholm, Miss Ramsey, Miss Carter, Miss Mary Fawcett, Miss Edith Trueman, Miss Beatrice Trueman, Miss Effie Johnson, Miss Cadman, Miss Schurman, Miss Rowe, Miss Winitred Copp. All the young ladies but one were present and after tea an agreeable hour was spent musically before the

party adjourned to the rink. Thursday evening Mr. and Mrs. Hiram Copp

gave a family tea party. Sackvillians had an unusal numbe of entertainments to choose from Thursday evening. There was the lecture of Dr. Tompkins, a meeting of conservatives politicians, a meeting of liberal ditto, two prayer meetings had a carnival. Between 7 and 7.30 the streets were black with people on

pleasure or duty sent. The lecture was under the auspices of the Eurhetorian society who again kindly bid their friends to a feast of reason and flow of soul. The speaker, Dr Tompkins, an able lawyer and author belongs to Oxford, England, but has travelled extensively and known many renowned people in the old countries and America. His address was chiefly interesting anecdotes on the people he had met. Dr. Tomp kins delivered a scholarly sermon in the methodist church Sunday evening and Monday gave the students of the ladies' college a lesson in Hebrew. During his stay here he has been the guest of Dr. Allison who is his personal friend.

The Carnival, the first of the season, was a great success. The prominade was crowded all the evening and there were visitors from other places. Several from Amherst were seen on the ice. The band gave a good selection of popular music and the scene was a very bright and gay one. Mrs. Arthur Atkinson, one of Sackville's best skaters took the ladies first prize. Her costume was a very clever representation of the old woman who lived in a shoe. A large shoe was arranged on the shoulders the heel forming a head covering and small dolls were hung in every direction. Jack Willis secured the gentlemen's prize and looked extremely well in his Spanish Cavalier's dress of velvet, lace and plumed hat. A unique get up was that of Miss M. Siddall, as spruce gum. A very pretty costume was that of a Japanese lady worn by Miss Effie Johnson. Miss F Harris looked very dainty in her blue and white milk-maid attire and had constant assistance in carrying her pail. Miss Amy Miss Dobson as Texas and Mr. Forsey as a Chinaman were also well got up. The Tramp that had been chased by dogs was funny but was not a difficult costume to acquire as it consisted chiefly of rags and tatters. After the prizes were awarded a number not in costume availed themselves of the privilege ol skating to the band and the evening was voted by all an enjoyable affair.

Friday evening was held in Bethoven hall the first public recital of the Mt. Allison conservatory pupils. The programme was short but excellent throughout. The two choruses were under the direction of Prof. Oettcking. The opening ladies' chorus from Mozart's Requiem Mass was well rendered. In both the tempo was markedly good. Miss Palmeter's piano solo was gracefully executed with fine phrasing. Miss Milchour shows a good deal of verility in her playing, her octave work being noticeable. The third piano solo, by Miss Cole was perhaps the best all around and displayed a promising technique. Miss Ogdin's violin solo was well given with a very sustaining piano accompaniment from Prof. Otteking. Miss Wright was not in good voice and hardly did herself justice in her two songs but her method is very finished. Miss Moore shows marked improvement. Her technique has broadened wonderfully and her voice is rapidly growing stronger. Her rendering of her two songs was admirable and would enable her to appear with credit before a critical audience. The whole recital was eminently satisfactory and argues well for the work being done by the new members of the musical staff, these performers being the pupils of Prof. Vincent, Prof. Oettieking and Miss

Chandler. Nearly all the guests were able to get there and the hours from 7 to 10 were passed pleasantly in various games till supper closed the evening. The young ladies were all very prettily dressed in light muslins and ribbons and looked most bewitching. Saturday evening Miss Mary Milner entertained

a few triends after the rink. Mr. and Mrs Widder and Mr. and Mrs. J. R. Robinson of Amherst, drove across the marsh Thursday to spend the day with friends in Sackville.

This is to certify that I have taken four boxes of Doctor Ward's Blood & Nerve Pills for nervous prostration Before using these pills I had to take morphine to ease my suffering and make me sleep and I began to think that there was no help for me. Last October, 1898, I commenced taking Doctor Ward's Blood & Nerve Pills thinking perhaps they might help me some, and to my great delight I was able to be out and around in three weeks time enjoying the comforts of life, the same as all healthy people do when in proper health.
