BALIFAX NOTES.

PROGRESS is for sale in Halifax by the newsboys and at the following news stands and centres.

There has been very little to chronicle the past week with regard to society's sayings and doingseverybody has been very quiet, except the musical people, and they have been entertaining us right royally. The Midsummer Night's Dream has been universally pronounced the best entertaiument, par excellence, which has been presented to a Halifax audience for many a long day. Mr. Carruthers in his reading of the play was everything that could be desired-from the commencement he won the sympathy of his audience, which he held througout.

It was truly a night with the great poet, and the great musician. Mendelssohn's grand overture which introduced the play was rendered with splendid effect by the Symphony orchestra. There was not a single jar from start to finish. There was but one regret, when the grand wedding march sounded the finale to an evening which we hope to have repeated in the near future-it was, that there had been too little music.

Miss Geraldine Stairs of Halifax is on a visit to Mrs. Robert Bell, 136 McLaren street. Ottawa. Miss Crane, daughter of the late William Munsey leaves for England shortly.

Creighton, Dartmouth, Laves for her home in

fool with sickness just as a bear fools around a trap. A man

doesn't like to own up that he is ill. says "O, it amounts to nothing. I shall be all right to - morrow." But he isn't all right to-morrow; nor the next day. Pretty soon the trap snaps to; and he has some serious disease fastened on him.

The only sensible course is to keep away from the trap, and not allow sickness to get any hold on you. It is a frightful mistake to trifle with indigestion and bilious troub-les in the belief that they will cure themselves. On the contrary they drag the whole system down with them.

When the appetite and digestion are irregular it shows that the machinery of the body is out of order and is not doing its proper work; the blood-circulation is poorly supplied and is being gradually debased by bilious poisons.

The proper alterative for this condition is Dr. Pierce's Golden Medical Discovery. It acts directly upon the digestive functions and the liver; and enables the blood-making glands to supply an abundance of pure blood, rich with the nutritious vital ele-ments which build up healthy flesh and enduring strength.

In all impoverished and run-down condi-tions the "Discovery" is far better than malt "extracts" or nauseating "emulsions." It creates genuine permanent strength. It does not make flabby fat but solid muscle. It is a perfect tonic for corpulent people.

A full account of its properties and marvelous effects in many so-called "hopeless" cases, verified by the patients' own sig-natures, is given in Dr. Pierce's thousandpage illustrated book, "The People's Com-mon Sense Medical Adviser." This splendid volume will be sent free on receipt of 31 one-cent stamps to pay cost of customs and mailing only. Address, Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y. For a cloth-bound copy send 50 stamps.

"Having suffered for several years with indigestion," writes Samuel Walker, Esq., of Parkes-burg, Chester County, Pa., "I concluded to try your valuable 'Golden Medical Discovery.' Af-ter taking five bottles I was entirely cured. I also suffered from bladder trouble, which was also cured by the 'Discovery.' I feel like a new man." man."

that lenten observances kept some away, there were few but responded in person. Mrs. Tieo. Miss Constance Sutherland, sister of H. S. Hill presided at the piano, and it is unnecessary to add that the music was all that could be desired. The spacious rooms and brightly polished floors of this hospitable house have been enjoyed too often by marcy-makers to require any comment.
