THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and serious ills. By its gradual and judicious use, the feeblest system may be led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making a timely necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrup & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists' this wine approaches nearest perfection of any in the market. All druggists sell it.

"Say, pa, what is an adult?" "An adult, Jimmy is a fellow who doesn't kick out a good pair of shoes every week or so."

Suffer No More.—There are thousands who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Farnell's Vegetable Pills, which are among the best vegetable pills known, being easy to take and are most efficacious in their action. A trial of them will prove this.

Brown (slapping total stranger on back)—"Hallo, o' man, haven't seen you for an age. Don't you remember me?" Stranger—"I don't remember your face, but your manner's very familiar."

A Recognized Regulator.—To bring the digestive organs into symmetrical working is the aim of physicians when they find a patient suffering from extraneous irritations, and for this purpose they can prescribe nothing better than Farnell's Vegetable Pills, which will be found a pleasant medicine of surprising virtue in bringing the refractory organs into subjection and restoring them to normal action, in which condition only can they perform their duties properly.

Clara—"How did you come to accept Mr. Sapphead?" Dora—"I had to. He proposed to me in a canoe, and he got so agitated I was afraid we'd upset."

A Short Road to health was opened to those suffering from chronic coughs, asthmas, bronchitis, catarrh, lumbago, tumors, rheumatism, scoriated nipples or inflamed breasts, and kidney complaints, by the introduction of the inexpensive and effective remedy, Dr. Thomas' ELECTRIC OIL.

It would be a good deal easier to fall in love with some women, if they didn't try to help you so much.

Severe colds are easily cured by the use of Bickie's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties, extensively prescribed by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeable taste and the fact that it makes it a favourite with the ladies and children.

"Gertsude, what is that awfully deep pan for?"

"Oh, I'm going to make George a pumpkin pie four inches thick; according to his reports that's about the way his mother used to make them."

"Yes."
