Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little

than old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the

good out of the food that is eaten. There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

"I suffered for six years with constipation and indigestion, during which time I employed physicians, but they could not reach my case," writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Arkansas. "I felt there was no help for me. Two years ago I commenced tak-ing Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. I am now in good health."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.
