For Weak Kidneys.

Bladder and Urinary Troubles
Dr. Chase's Kidney-Pills Are of Incalculable Value—A Grateful and Unsolicited Testimonial.

The most painful and most fatal of diseases are those which attack the kidneys, bladder and urinary organs.

The symptoms of these disorders are not difficult to read, and there is no reason why anyone cannot diagnose their own ailments and apply the most successful treatment known to science—Dr. Chase's Kidney-Liver Pills.

Irregularity or difficulty in urinating, pains or weakness in the small of the back, deposits in the urine after it has stood for 24 hours, and the characteristic and unmistakable symptoms of kidney and bladder troubles.

Among the most dreadful developments of neglected kidney disease are stone in the bladder, which causes the most excruciating pain of any ailment known to man, and Bright's disease, a wasting away of the tissues of the kidneys which can only be stopped and cured when taken in its early stages.

To prevent these dreadful diseases the kidneys should always be kept in perfect order by the use of Dr. Chase's Kidney Liver Pills. No other treatment for kidney derangements was ever so successful, and none has such an enormous sale as Dr. Chase's Kidney Liver Pills. They are now used in the great majority of homes in Canada and the United States with most excellent and beneficial results and frequently prescribed by physicians when ordinary treatments fail.

Mr. Philbert Le Do x, Barnston, Que., writes—"I was for thirty years a sufferer from Kidney Disease. At times I could not obtain relief and I found blood and dust deposit in my urine.

"I had consulted several well known physicians, but they did not cure me. Being several times advised by a friend to use Dr. Chase's Kidney Liver Pills, I decided to do so, and to day I go about my work as well as ever in my life, thanks to this wonderful medicine.

Dr. Chase's Kidney-Liver Pills are specific for all kidney, bladder and urinary derangements and liver troubles. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

The community was somewhat surprised Tuesday morning to hear of the very sudden death of Mr. Alex. Neal, the well known merchant tailor. Mr. Neal, who was in his 82nd year, had a very severe illness, last spring, since which time he has not paid any attention to business though of late he appeared to be gaining strength. When the family returned Monday evening about 9 o'clock Mr. Neal was not in the house. Search was made and his body was found in the yard. He had evidently been dead some little time. The house in which the family reside has been raised for the purpose of laying a stone foundation and it is supposed that Mr. Neal in attempting to go out into the yard fell from the temporary door stoop. The medical attendant attributed death to heart failure. The deceased was probably over 80 while descending the steps which caused him to fall. Mr. Neal was a native of Halifax, from which place he removed to St. Stephen, thence to St. John and Moncton. He has lived here for about 25 years, working as cutter for the old firm of McSweeney Bros., and later carrying on business for himself. He had a family of ten children, three living being Emma, Hattie, (Mrs. Wm. Watson of Moncton) Annie, (Mrs. Fox of Boston), Jessie (Mrs. Carruthers, Watertown, Mass.), Lou (Mrs. Benfield, Boston); George in Boston, Fred in Amherst and Rufus H. in Moncton. Mr. Neal was a prominent Mason, having become a member of St. Andrews Lodge, Halifax, in 1847, and elected Worshipful Master in 1867. He was also a Past Master of Sussex Lodge at St. Stephen. The remains were taken to Halifax for interment beside those of his wife, who died some 28 years ago.

The remains of the late Mrs. J. D. Henderson reached Moncton Saturday night and were interred in the Moncton rural cemetery Sunday afternoon. The funeral took place from the family residence at the corner of Steadman and Union streets and was very largely attended by friends, about sixty carriages following the remains to the grave. The casket was covered with floral tributes.

THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of our curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the others. In life is a disease, and by tranquillizing the nerves, disposing to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the heavy functional functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches the perfection of any in the market. All druggists sell it.

She—I suppose you wish you were free to marry again.

He (tying her shoe)—Oh, no. I simply wish I were free, my dear.

Bickie's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases, it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

Editor—Has this mysterious disappearance any unusual features?

Reporter—Well, I guess yes. The man has not disappeared as completely as if the earth had opened and swallowed him up.

Can Recommend It.—Mr. Enos Bornberry, Tuscumbia, writes: "I am pleased to say that Dr. Thomas' E. C. OIL is all that you claim it to be, as we have been using it for years, both internally and externally, and have always received benefit from its use. It is our family medicine, and I take great pleasure in recommending it."

"I had a grand luncheon," said the musical young woman.

"I didn't replied the musical young man, who is too hurried to sit down. "I had an upright luncheon."

They are Carefully Prepared.—Pills which displace themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome costiveness the medicine administered must influence the action of these canals. Parman's Vegetable Pills are so made, under the supervision of experts, that the substance in them intended to operate on the intestines are retarded in action until they pass through the stomach into the bowels.

Mr. Foddershock (reading)—Not a soul slept in Pecheloo last night. Now, I just wonder whether that's a Chinese town or a sleepin' car.

A Small Pill, but Powerful.—They judge of the power of a pill by its size, would consider Parman's Veg. table Pills to be lacking. It is a little interest and a big pill. When it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extract is secured in this form and do their work thoroughly.
