Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health.

If this is true under most favorable conditions, what shall be said of those who suffer from womanly diseases, and who endure headache, backache, and other pains day after day? No sick woman should neglect the means of cure for womanly diseases offered in Doctor Pierce's Favorite Prescription. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form." Doctor Pierce's Pleasant Pellets cure biliousness.
