**THINGS OF VALUE.**

A TONIC FOR THE DEBILITATED.—Parnelle's Vegetable Pills by acting mildly but thoroughly on the secretions of the body are a valuable tonic, stimulating the lagging organs to healthy action and restoring them to full vigor. They can be taken in graduated doses and so used that they can be discontinued at any time without return of the ailments which they were used to allay.

Give me no furnace, dull and bare,  
It's only sign of life, hot air;  
Nor steam heat, either, would I take,  
Whose harsh pipes rattle men awake;  
Nor natural gas, whose empty flame  
Is ever tiresome by the same;  
Nor yet a wood fire, whose huge bulk  
Knows of no pause, 'twixt blaze and snuff  
For me a coal fire, heaped and glad,  
Which I can poke when I get mad.

TO PREVENT IS BETTER THAN TO REPENT—A little medicine in the shape of the wonderful pellets which are known as Parnelle's Vegetable Pills administered at the proper time and with the directions adhered to often prevent a serious attack of sickness and save money which would go to the doctor. In all irregularities of the digestive organs they are an invaluable corrective and by cleansing the blood they clear the skin of imperfections.

To fast seems her only escane,  
She is told it is good for her soul,  
And she knows it is good for her shape.

Oh, for the good old days!  
When microbes were unknown,  
When hold bacilli lurked not  
In every vein and bone,  
When we could eat with freedom  
And were not prone to sigh  
Because they set before us  
Some antiseptic pie.

When all other corn preparations fail, try Holloway's Corn Cure. No pain whatever, and no inconvenience in using it.

Unless the players like it because  
It suits them to a tee.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickel's Anti-Consumptive Syrup is a specific for, and wherever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

Her steely eyes are china blue  
Her face with marble can compare,  
Her heart is stone, I've noticed too,  
She views me with a stony stare.

**New York Millionaires.**

Only a few people reading advertisements of bankers and brokers, saying that money could be made through speculation, realize that the richest men in America have commenced life in a humble way and have made their fortune through stock exchange speculations.

Men like Jay Gould who worked as a dry goods clerk in a small town at \$10.00 a week up to his twentieth year, and commenced to operate with his small saving of \$200.00 in Wall Street left at his death 70 millions of dollars; Russell Sage who worked as a grocery boy at \$4.00 per week and whose present wealth is estimated at 100 millions of dollars is still operating the market, although 80 years of age, and so are thousands of others who are enjoying all the luxuries life can offer, which is due to their success in speculations.

To the shrewd speculator the same opportunities are open to-day as to others in the past. The smallest lot which can be bought and sold is 10 shares on 3/4 margin, making 30 dollars.

Anybody interested as to how speculations are conducted can get information and market letter free of charge upon application by letter to,
