MAX.

THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is subject—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound undiluted state, a remedy for many and grievous ills. By its gradual and judicious use, the frailtest systems are led into congenial and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid dependency and lack of interest in life is a disease, and, by tranquillizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northon & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists this wine approaches nearest perfection of any in the market. All druggists sell it.

What did you learn at the students' art school in Munich?

"To draw?"

"Still life?"

"No, dear."

THEY DROVE PIMPLES AWAY.—A face covered with pimples is unsightly. It tells of internal irregularities which should long since have been corrected. The liver and the kidneys are not performing their functions in the healthy way they should, and these pimples are to let you know that the blood protests. Parmelee's Vegetable Pills will drive them all away, and will leave the skin clear and clean. Try them, and there will be no other witness to their excellence.

True to his faith.—Mr. Sparks—Can't you get that trepanning done for me?

Rev. Mr. Sparks—No, I cannot, Mary; and if it wasn't that I'm a minister of the gospel, I'd kick the whole darn business to pieces.

FOR INFLAMMATION OF THE EYES.—Among the many good qualities which Parmelee's Vegetable Pills possess, besides regulating the digestive organs, is their efficacy in reducing inflammation of the eyes. It has called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They affect the nerve centres and the blood in a surprisingly active way, and the result is almost immediately seen.

Prisoner—Yer honor, I was ignorant of the law. Judge—Are you a lawyer?

Prisoner—Yes, sir.

Judge—Then, sir, allow me to tell you that that is no excuse.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can avert a cure by using Bickie's An I Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

Census taker—Madam, your age, if you please. Madam—Well, if you don't refer the matter to the meddlesome old residents round here, I'm 84.

Tell the Deaf.—Mr. J. F. Kellogg, Druggist, Perth, writes: "A customer of mine having been cured of deafness by the use of Dr THOMAS' ELEC-TROIC OIL wrote to Ireland, telling his friends there of the cure. In consequence I received an order to send half a dozen by express to Wexford, Ireland, this week."

'Brethern,' said the repentant man at the revival meeting, 'mine is a sad story. I was born in Brooklyn, but soon went from bad to worse.'

'How long did you stay in New York?' asked the long whiskered man near the organ.

'What does it mean Tommy,' the Sunday school school teacher asked, 'where it says 'they rent their clothes?'

'I suppose they couldn't afford to buy the,' replied Tommy.

Mrs. Prim—George, I discovered that detestable pup of yours trying to get my refrigerator.

Mr. Prim—Smart dog that—playing for high steak, he was.

Frightful Dreams.

Impatience, Anxiety, and Despondency Are Among the Distressing Symptoms of Dyspepsia and Indigestion—a Most Effective Cure is Dr. Chase's Kidney-Liver Pills.

A coated tongue, bitter taste in the mouth, flatulency, sourness or weakness of the stomach, sick headache, disturbed sleep, melancholy and frightfully shocking dreams are some of the indications of the dyspepsia which makes life a dreaded nightmare to so many thousands of people.

It is useless to expect a cure until the liver is made active, the bowels regulated and the digestive system invigorated by a remedy of such proven worth as Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills are not a mere temporary relief for indigestion, but a thorough, positive and lasting cure for chronic indigestion, dyspepsia, biliousness and all stomach troubles. There is no similar remedy in Canada today which has anything like so large a sale as this great prescription of Dr. Chase. For proof of this ask your neighbors, ask your druggist, or ask your physician. They will undoubtedly recommend them in the very highest terms.

Mr. J. H. Beemer, Station Agent, C. P. R., at Wingham, Ont., states: "I was treated for dyspepsia and kidney trouble for about five years, and as I was not improving, a friend advised me to try Dr. Chase's Kidney-Liver Pills. They proved to be exactly what I needed, for they put an end to pain in the stomach before I had taken half a box. I can recommend them to any one afflicted with stomach troubles." Mr. James Gardiner, Bath Ont., says: "I was a sufferer for forty years from indigestion and constipation. At times I would go two weeks without a motion in my bowels, suffered violently from headaches. I spent a small fortune in remedies, but the only remedy that gave me relief was Dr. Chase's Kidney-Pills. I would not be without them for anything."

Dr. Chase's Kidney-Pills, one pill a dose; 25 cents a box, at all dealers, or Edman-son, Bates & Co., Toronto.
