

A WISE WOMAN

Should learn all about those ailments peculiar to her sex in order that she may be able to prevent and successfully cure them. Valuable information on this subject will be found in my book which I will be pleased to send entirely free to any lady, sending me her name and address. It's a

PLAIN COMMON SENSE BOOK

written by a woman who has made a life study of these problems. I am sure you'll be delighted with it.

WRITE TO-DAY

Mrs. JULIA C. RICHARD, Box 996, Montreal

FREDERICTON.

[FROENESS is for sale in Fredericton by W. T. H. Fenety and J. H. Hawthorne.

JUNE 6.—The most brilliant event in a very brilliant week in the social world has been the ball, which was given by the Alumni Society in the University on Thursday evening, and which proved to be the crowning success of all the pleasant entertainments which have been so much enjoyed during the centennial of the University. The college has been in festive dress all week and the decorations certainly were very pretty. Flags and bunting with quantities of greenery covered every available space on the walls and the balustrade of the staircase leading from the grand hall which was the ballroom proper, to the floor above where the promenade concert was held, was entwined with evergreens and brilliant flowers and garlands of green entwined the pillars of the reception hall. The guests were received by Mrs. J. King Hazen, Mrs. Hedley V. Bridges and Mr. J. Douglas Hazen president of the Alumni Society. Music for dancing was furnished by Winter's orchestra which was stationed in the large entrance hall where the light fantastic was most thoroughly enjoyed though at times the crush was almost overwhelming. The band of the 1st Batt., placed in the library dispensed sweet music which was enjoyed by those who preferred promenading and a quiet tete-a-tete to the "maddening dance" through the more secluded shades of the museum and upper halls. Supper was served at 10.30 in the basement of the college, the supper room being very tastefully arranged small tables used made the repast which was quite an elaborate affair very sociable and enjoyable. The guests were all in evening dress and some very handsome costumes were worn. Mrs. Hazen received in a gown of black broad-clothed satin. Mrs. Bailey wore black broad-clothed silk with steel passementerie and flowers. Mrs. Bridges costume was of pearl pink satin with Tuscan yellow lace, chiffon and pearl passementerie, decolette. To attempt a description of all the pretty gowns

WHAT IS

DR. CHASE'S NERVE FOOD

Is the question on the lips of many who are hearing of the wonderful cures brought about by this great restorative.

For a comprehensive answer to this question you must ask the scores of thousands of cured ones in Canada and the United States who have tested and proven the merits of Dr. Chase's Nerve Food—the famous blood-builder and nerve restorer.

Ask the pale, weak, nervous, irritable and despondent woman who have found new health, new hope and new vitality by its use.

Ask the overworked and wornout men, sufferers from brain fog, nervous dyspepsia and nervous headache, who have felt new energy and vigor return to their bodies while using this famous treatment.

Ask the puny, sickly children who have been made healthy and robust by using this prince of restoratives.

Ask people of all ages how they were rescued from nervous prostration, paralysis, locomotor ataxia, epilepsy, they may tell you of doctors failing, of medicines taken in vain, but one and all who point to Dr. Chase's Nerve food as the only hope of persons with thin watery blood and exhausted nerves.

Mrs. Margaret Iron, Tower Hill, N. B., writes: "Dr. Chase's Nerve Food has done me the world of good. I was so weak that I could not walk twice the length of the house. My hands trembled so that I could not carry a pint of water. I was too nervous to sleep, and unable to do work of any kind."

"Since using Dr. Chase's Nerve Food I have been completely restored. I can walk a mile without any inconvenience. Though 76 years' old, and quite fleshy, I do my own housework, and considerable sewing, knitting and reading besides. Dr. Chase's Nerve Food has proved of inestimable value to me."

In appearance Dr. Chase's Nerve Food is an oval, chocolate-coated pill. It is easy to carry and easy to take. In this condensed form it contains all of nature's most strengthening and invigorating tonics and restoratives, and for this reason it is unapproached as a blood-builder for spring.

Dr. Chase's Nerve Food cures naturally and permanently by the building up process. It used regularly and persistently it cannot fail to make the blood rich and life sustaining and to construct the tissues of the body wasted by disease, overwork or worry. Fifty cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.

worn would be an impossibility, white was the prevailing gown among the younger members of society and many beautiful white gowns were aired for the first time.

Mrs. T. Carleton Allen, looked regal in a gown of black striped grenadine over white silk, and diamond ornaments.

Miss Lena Dunn, black silk grenadine with white pearl ornaments.

Miss Dole, black and white trimmed with old rose.

Mrs. Geo. Allen Black velvet lace and scarlet geraniums.

Miss Carr pink silk, white flowers.

The garden party given by Chancellor and Mrs. Harrison at the University on Thursday afternoon was the most elaborate function of the kind ever given at the Capital.

The grand scale on which the decorations had been carried out extended to the outside as well as inside the building and huge garlands of greenery with flags and bunting hung all across the front of the fine old edifice. The college campus with its fresh spring dress of grass, pretty decorations and all in such beautiful well kept order was certainly an ideal spot for a garden party on a bright summer day.

No invitations had been issued or rather all were invited and all were welcomed and all the world accepted and enjoyed the very liberal hospitality of the Chancellor and his estimable lady.

Several hundred visitors were present. Chancellor and Mrs. Harrison received their guests in their parlor in the University. The Chancellor in his Academic robes of scarlet gave a genial welcome, while Mrs. Harrison sweetly welcomed her numerous guests, making each one feel that they were conferring a favor by their presence.

The band of the 1st Batt. was stationed on the campus and added much to the enjoyment of the promenaders who took so much pleasure in walking and loitering over the pretty grounds. Light refreshments were served all afternoon in Mrs. Harrison's residence.

At five thirty the procession headed by Chancellor and Mrs. McClellan, Governor Mc. Clellan and Mrs. Harrison, started from the University down the avenue of overshadowing maples and elms to the site of the new science building where the cornerstone was laid by Mrs. McClellan with the usual ceremonies attendant.

The last scene in this notable week in the University Centennial celebration was enacted after the guests had departed and the lights were out, when the students had usual post-concertial gun powder concert. A great bonfire was blazing in a field near the observatory and was kept blinding all night.

The time honored cannon was resurrected and the usual farewell salute to the graduating class attempted but after several rounds an effort was made to eclipse all former reports, when under an extra charge of powder the cannon flew all its pieces.

The march to the city was accomplished about four in the morning when those of the peaceful citizens who had not been disturbed by the salute on the hill were surely awake now. College choruses and patriotic songs and some speechifying around the fountain filled up the measure of the time till coming daylight overshadowed the hilarious boys.

Prof. and Mrs. Davidson sail from Montreal tomorrow and will spend their vacation at their home in Edinburgh.

Prof. Dixon with his sister Miss Dixon who has been spending the winter here in company with Prof. Stockley left last week for their home in Dublin.

Mr. George Alingham spent Sunday in Queens-town, the guest of Mr. and Mrs. Robert Scott.

THINGS OF VALUE.

Myer—Those chorus girls are certainly well trained. They keep step in such excellent time. "Yes indeed," said the bookkeeper in a tone that gave credence to their story.

Mother Graves' Worm Exterminator has the largest sale of any similar preparation sold in Canada. It always gives satisfaction by restoring health to the little folks.

Kilson—Gaylord's wife used to be awful stout and now she is quite thin. What is the cause I wonder?

Marlow—Divorce. This isn't the same wife.

It is only necessary to read the testimonials to be convinced that Holloway's Corn Cure is unequalled for the removal of corns, warts, etc. It is a complete extirpator.

"Have you adequate police protection for your home?" asked the burglar alarm agent.

"Yes indeed," said the bookkeeper in a tone that carried conviction, we have the prettiest servant girl on the block.

The Brightest Flowers must fade, but young lives endangered by severe coughs and colds may be preserved by Dr. Thos. L. Bourke's Orf. Croup, whooping cough, bronchitis, in short all affections of the throat and lungs, are relieved by this sterling preparation, which also remedies rheumatic pains, sores, bruises, piles, kidney difficulty, and is most economic.

"Well, Aunt Eunice, I hear yo' has bin marryin' off one ob yo'r daughters."

"Lan' yes! I've won a cake at de cake walk de under night, so she dun killed two birds with one stone and used de same cake for weddin' cake."

It is a Liver Pill—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ. peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parnelle's Vegetable Pills. Their operation through gentle is effective, and the most delicate can use them.

A man's good deeds live after him, When he departs this life; But if they're deeds for real estate In court there may be strife.

Tested by Time.—In his justly celebrated Pills Dr. Parnelle has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alternative and curative powers which place it in the front rank of medicines.

It is not often that a man is buried with \$500 in his pockets.

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste, make it a favorite with ladies and children.

That Hang-on Cough

only needs to be attended to in a proper and thorough manner to be eradicated entirely from your system. Liniment rubbing and flannel wraps about the chest and throat are good enough but they are not sufficient, they don't go deep enough. The root of the disorder is pulmonary weakness—build that up—strengthen it with Adamson's Balsam and your

Cough is Cured.
