Just out of reach, is where every man would like to be when danger threatened him. Disease is more dangerous than any wild beast. To be just out of reach of disease, is safer than to engage it in a death struggle with doubtful results.

The secret of keeping just out of reach of disease is in keeping the blood pure and rich. Pure blood offers no breeding ground for disease germs. Rich blood creates a vigorous vital force to resist disease. This ideal condition of the blood is best obtained by the use of Dr. Pierce's Golden Medical Discovery. In thousands of cases where there has been obstinate cough, bronchitis, spitting of blood, weakness or other ailments which if neglected lead on to consumption, "Golden Medical Discovery" has healed the disease and put the life just out of reach of the destroyer.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

"After using about five bottles of Dr. Pierce's Golden Medical Discovery my boy seems to be all right," writes Mr. J. W. Price, of Ozark, Monroe Co., Ohio. "He was very bad when I commenced to give him the 'Golden Medical Discovery.' The doctors claimed he had consumption and we doctored with them until he was past walking. It has been ten months since he stopped taking your medicine and he is still in good health. We are very thankful to you for saving our son."

Free. The People's Common Sense Medical Adviser is sent free by Dr. Pierce, Buffalo, N. Y., on receipt of stamps to defray expense of customs and mailing only. Send 31 one-cent stamps for paper covered edition, or 50 stamps for same edition in cloth binding.

British and Boer armies to the risk. After about an hour's skating the sham fighting began. The Boers who were strongly entrenched behind sand bags were under General Jas W. Clarke. Their cannon was mounted on a box and did very effective work. The white flag was frequently in evidence in the shape of a handkerchief and Capt. Tingley who had charge of the British forces on one occasion approached for a truce but was fired on and had to retreat and finally he stormed the entrenchments and captured the Boers.
