THINGS OF VALUE.

Dinwiddie—Say, this gin tastes as if it had rain water in it.

Bar—Well, you always said you were looking for soft schnapps.

Known to Thousands.—Parnelle's Vegetable Pills regulate the action of the secretions, purify the blood and keep the stomach and bowels free from deleterious matter. Taken according to direction they will overcome dyspepsia, eradicate biliousness, and leave the digestive organs healthy and strong to perform their functions. Their merits are well-known to thousands who know by experience how beneficial they are in giving tone to the system.

'Ma!'

'What is it, Jimmy?'

'Why'n't you buy me th' candy hen' at laid these big candy eggs?'

A Sound Stomach Means a Clear Head.—The high pressure of a nervous life which business men of the present day are constrained to live makes draughts upon their vitality highly detrimental to their health. It is only by the most careful treatment that they are able to keep themselves alert and active in their various callings. Many of them know the value of Parnelle's Vegetable Pills in regulating the stomach and consequently keeping the head clear.

The Kind Lady—Do you not find it difficult at times to keep the wolf from the door?

Weary Watkins—Oh, I got that fixed all right, all right. I ain't got no door.

Bickle's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles of virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

'Mrs. Brimerson always has such a chic look.'

'I wonder if it's because her husband is in the wholesale egg business?'

A Short Road to health was opened to those suffering from chronic coughs, asthma, bronchitis, catarrh, lumbago, tumors, rheumatism, excoriated nipples or inflamed breast, and kidney complaints, by the introduction of the expensive and effective remedy, Dr. Thomas' ELECTRIC OIL.

Old Friend—Lucilla, do you remember you used to say all the nice men were married?

Young wife (of about a year's standing)—Yes, and I have found out now that they were.

Mother Graves' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

'Too many people,' said the moralist 'go to church because it helps them in business. That is not the way to get on in business. The other replied 'No, the other replied 'From a religious standpoint, a man must be good for nothing, or he is good-for-nothing.'

The never failing medicine, Holloway's Corn Cure, removes all kinds of corns, warts, etc.; even the most difficult to remove cannot withstand this wonderful remedy.

Riggs—Hear about Mrs. Tiewadd? Told her husband she would kill herself if he didn't buy her a new bonnet.

Jiggs—What did Tiewadd do?

Riggs—Got stuck in a funeral, found he could save \$2 by buying the bonnet, and saved her life.

A Smart Bootblack.

There is a bootblack in Boston, according to the Times, whose "shining enterprise" may some day extend beyond the boots he polishes.

He has a little stand in an alley near a busy street at the West End. The place would not be called ideal, even for a bootblack "emporium." But the genius of the proprietor makes up for all deficiencies.

His price for a shine is five cents, any day or any weather. He has distributed cards, so that people may know where to find him. His premises are always scrupulously clean. He displays a sign which says, "We brush your clothes and then give you a shine, instead of shining first and then covering it with dust."

This knight of the dauber and polishing rag is said to have twenty regular customers who were attracted merely by the "brush first" sign. And he keeps them.

How He Rested.

An artist, recently returned from abroad relates a good story concerning the German artist, Adolf Menzel. Menzel is a great favorite, and his vagaries afford endless amusement to the Berlin art fraternity.

It seems that Menzel was engaged on a mural decoration. He had rigged up a

Restores

THE OLD PEOPLE

By means of his great Blood
Builder and Nerve Invigorator,
Dr. Chase's Nerve Food.

Evidence from a lady who was
so nervous she Couldn't walk,
work or sleep.

Mrs. Margaret Iron, of Tower Hill, N. B., writes: "My nerves were so weak I couldn't walk twice the length of the house. I couldn't work or sleep and my hands trembled so I couldn't carry a pint of water from one table to the other. I thought there was no help for me. If I read a chapter at night or wrote a letter my nerves would be on edge and sleep was impossible.

Since using five boxes of Dr. Chase's Nerve Food my nerves are fully restored. I can walk a mile without inconvenience, and though 76 years of age and quite fleshy I do my own work and considerable sewing, knitting and reading besides. Dr. Chase's Nerve Food did me a world of good."

"The weaknesses of old age are due to lack of vitality. The blood becomes thin and watery and the nerves cry out for more nourishment by means of pains and aches in the bones, through the back and limbs.

What old people need to brace them up and put new life in their systems is Dr. Chase's Nerve Food, the greatest restorer of the century.

Dr. Chase's Nerve Food can be used with most excellent results by any one in the family. For the pale, weak, run down mother, for the brain tired father and for the grandparents, Dr. Chase's Nerve Food is a tonic and invigorator of incalculable worth; 50 cents a box, at all dealers or by mail from Edmanson, Bates and Co., Toronto. Book on nervous diseases free.

Asthma, bronchitis, croup and all coughs and colds are relieved and cured by Dr. Chase's syrup of linseed and turpentine, 25 cents a bottle. Family size, three times as much, 60 cents.
