APR 18.—The sweet singing of the choir boys of St. George's church on Easter Sunday certainly reflected great credit on Mr. Charles Hilcoat the organist, who has had them in training for a very short time. The services in this church in which the rector was assisted morning and evening by Rev. Charles Wilson, were exceedingly bright and attractive and the church was pretty with potted plants. Grace Methodist and St. Bridget's had like wise the usual floral decorations. There was no music in the latter church owing to the illness of Miss M. Butler the organist.
Rev. and Mrs. Wilson returned to Springhill on Monday morning.
Mr. J. D. Nicholls spent the Easter holidays with friends in Truro.
Mr. and Mrs. F. R. Eaton left on Wednesday to spend the summer in Buckport, Maine.
Mr. L. Clyde Davison, Halifax, was in town on Tuesday.

Our students from the different institutions came home for the holidays. Misses Maude Dickson and Florence Corbett from Mt. Allison, Miss Faulein Price with a friend from Acadia Seminary, Mr. Hilton Tucker and Mr. Rex. Vickery from Dalhousie, Miss Edith Knowlton from the Normal school, Mr. Gordon Yates from Acadia college.
Mr. Kenneth Wolfe, Mt. Allison, was the guest of Mrs. Lane at Easter.
Miss Maude Corbett has returned from a visit in New Brunswick.
Miss Edie Hatfield has come to Boston to become a trained nurse at the Massachusetts general hospital.
Mr. and Mrs. Saxby Blair, Nappan spent Sunday and Monday with Dr. and Mrs. Holmes.
Mr. Robert Aikman has taken the home recently occupied by Mr. C. K. Eville and Dr. Sproule has purchased and moved with his sisters into the house into which Mr. Aikman has been living.
Mrs. McKay, Mrs. James Howard and Mrs. Thomson Coates, Amherst, made an Easter visit to Mrs. Granby Smith and other relatives.
Mr. H. J. Logan, M. P., accompanied by Mr. G. A. Bernasconi, C. E., spent a part of last week here.

In Nearly Every Newspaper

You Find Evidence From Some One Who Has Been Cured of Piles by Using

Dr. Chase's Ointment.

Men and women who are cured of piles are so grateful for relief from the acute suffering and the annoying symptoms of this loathsome disease that they feel it their duty to tell other sufferers the good news.

In nearly every newspaper which you pick up you find some evidence in regard to the efficiency of Dr. Chase's Ointment as a cure for piles and itching skin diseases.

It is truly a wonder of medical science, which has won the approval of the most skilled physicians, as well as the heartfelt gratitude of scores of thousands of cured ones, who had suffered all sorts of misery from blind, itching, bleeding, or protruding piles.

Mr. David Lockhart, a well known tan nery Hawshaw, N. B., states:—"I was a terrible sufferer with piles for over two years and was frequently compelled to give up work. Two boxes of Dr. Chase's Ointment made a perfect cure."

Dr. Chase's Ointment is recognized as the only positive cure for piles, and is the only preparation which is guaranteed to cure. It is surer, cheaper and less risky than a surgical operation, and gives relief after the first application. Dr. Chase's Ointment is sold by all dealers at 60 cents a box, or sent by mail on receipt of price, by Edmondson, Bates & Co., Toronto.

Mother's favorite remedy for croup, bronchitis, coughs, colds and asthma, is Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size three times as much, 60 cents.

on business connected with the new pier which is talked of. Hon. T. R. Black was also in town from Thursday until Saturday.
Misses Sarah and Hollie Leitch spent Easter with their sister in Halifax.

CANNING.

APRIL 18.—J. A. Baxter of Atlanta who died last Friday, after a lingering illness was buried Sunday. He will be greatly missed from the vicinity in which he lived.

We have also to report the death of Harry Rand. He was buried last Friday with masonic honors by the brethren of Scotia lodge No. 28 A. F. and A. M. of which order he was a member. Mr. Rand was one of the most successful farmers that Kings Co. could boast of. He leaves a wife, three children and a large number of friends to mourn their loss.

Dr. H. M. Jacques is carrying on the drug business lately run by H. G. Marten.
Capt. W. H. Baxter is building a yacht for A. B. Robb of Amherst, to be finished about the middle of June.

Blunkhorn & Sons our enterprising axe makers, have enlarged their factory, and will employ about double the number of men this coming summer.

We are glad to report that G. W. Newcomb who has been on the sick list for some time is recovering.

THINGS OF VALUE.

Funniman—Have you heard the story about the two holes in the ground?
Gullem—I suppose I'm to say, 'No,' then you reply, 'Too deep?'

Funniman—That's not it at all.
Gullem—No? Then I haven't heard it.
Funniman—Well, well!

"Didn't you send any of your chickens to the poultry show?"
"No," I've noticed that when a hen acquires a taste for society she gets too stuck up to lay eggs."

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient, who would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound undiluted state, a remedy for many and grievous ills. By its gradual and judicious use, the frailties of the system are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping action of the blood, which, in chronic state of morbid dependency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—impetus to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrup & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists' this wine approaches nearest perfection of any in the market. All druggists sell it.

"All this wrangling in Washington about social precedence is ridiculous, don't you think so?"
"Yes," society's rank ought to be settled by a civil service examination."

They Cleanse the System Thoroughly.—Parasitic Vegetable Pills clear the stomach and bowels of bilious matter, causes the excretory vessels to throw off impurities from the blood into the bowels, and thus cleanse the system. They are gentle and safe. They do this without pain or inconvenience to the patient, who speedily realizes their good offices as soon as they begin to take effect. They have strong recommendation of all kinds of people.

"Those new people next door are nobody in particular."
"How do you know?"
"They try so hard to look like somebody in particular."

They Advertise Themselves.—Immediately they were cleared of the public, Parole's Vegetable Pills became popular because of the good report they made for themselves. That reputation has grown, and they now rank among the first medicines for use in attacks of dyspepsia and biliousness, complaints of the liver and kidneys, rheumatism, fever and ague and the innumerable complications to which these ailments give rise.

"What do you expect to make of your boy?"
"Don't know, I'm sure. He talks too much for a successful politician and not enough for a pugilist."

Unequaled.—Mr. Thos. Brunt, Tyendinaga, Ont., writes:—"I have to thank you for recommending Dr. Thomas' ELECTRIC OIL for bleeding piles. I was troubled with them for nearly fifteen years, and tried almost everything I could hear of or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from the distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

Nellie—Charlie says I grow more beautiful every time he sees me.
Maud—If that be the case, you ought to have him call twice a day.

There are cases of consumption so far advanced that Bickle's Anti-Consumptive Syrup will not cure but none so bad that it will not give relief. For coughs, colds and all affections of the throat, lungs and chest, it is a specific which has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm, and gives the diseased parts a chance to heal.

"You look happy."
"Can you blame me? I'm an artificial ice manufacturer."

"Who is that young fellow over there—that one running?"
"That's the Count de Castellane. He is rushing round the corner to kill a French editor—by cablegram."

New York Millionaires.

Only a few people reading advertisements of bankers and brokers, saying that money could be made through speculation, realize that the richest men in America have commenced life in a humble way and have made their fortune through stock exchange speculations.
Men like Jay Gould who worked as a dry goods clerk in a small town at \$10.00 a week up to his twentieth year, and commenced to operate with his small saving of \$200.00 in Wall Street left at his death 70 millions of dollars; Russell Sage who worked as a grocery boy at \$4.00 per week and whose present wealth is estimated at 100 millions of dollars is still operating the market, although 80 years of age, and so are thousands of others who are enjoying all the luxuries life can offer, which is due to their success in speculations.
To the shrewd speculator the same opportunities are open to-day as to others in the past. The small-est lot which can be bought and sold is 10 shares on 3/4 margin, making 30 dollars.
Anybody interested as to how speculations are conducted can get information and market letter free of charge upon application by letter to,
