DONT! WOMEN.

Don't write to a woman, when the roof leaks. Write to a carpenter. Don't write to a woman when the water pipe bursts. Write to a plumber. Don't write to a woman when you are sick, write to a doctor. But why such superfluous advice? Simply to call attention to the fact that "women" who are not qualified physicians offer medical advice, in advertisements worded in such a deceptive manner that you are apt to overlook the important fact that the woman is not a physician.

The great success of Dr. R. V. Pierce, in treating and curing diseases of women has led to imitations of his methods, especially his offer of a free consultation by letter to all sick women. At the head of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., and with an experience of over thirty years, Dr. Pierce has achieved the position of the chief of specialists in the treatment of women's diseases. There is no living physician, male or female, who can show an equal record of over half-a-million women treated and ninety-eight per cent. of cures. Write to the doctor. Your letter will be read in private, answered in private and its statements held as sacredly confidential. To assure the exclusion of a third party from this correspondence, every letter is sent sealed in a plain envelope, bearing no advertising or printing upon it. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.
