TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature on each box.

The first part of an athlete's training relates to the care of the stomach. The nourishing quality of his food is considered. The quantity he eats is carefully weighed and measured. It is curious that this care of the stomach is looked upon as an extraordinary thing only to be practiced in special circumstances.

It should be every one's care. 'Life is a struggle for the prize of success. The man who wins must take care of his stomach. It is not lack of energy or exercise that has caused so many a break-down in the race. It is neglect of the stomach. Incessant dull headache aggravated by eating, flatulence, gnawing in the stomach, heartburn, acid eructations, coated tongue, bad taste in the mouth, nervousness, mental depression, sleeplessness; these are only a few of the symptoms of a weak stomach and an enfeebled condition of the digestive and nutritive functions. Not all these symptoms will be experienced at once, but any one of them means danger.

"It has made a new man of me," is the constant testimony of those who have used Dr. Pierce's Golden Medical Discovery. This remarkable remedy has such a perfect control of the stomach, digestive and assimilative organs and blood making glands that it speedily corrects the derangements which weaken them, re-establishes them in healthy working order, so that once more the whole body—blood, brain, nerves and muscles—is nourished, and built up into rugged health. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant. Its protracted use does not create a craving for stimulants.

The dealer's after the dollar and the customer's after the cure. Its dealer with his eye on the dollar who proposes substitution. Let the customer keep his eye on the cure and insist on "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.
