ITCHING SKIN.

In any Form, Whether Eczema, Salt Rheum or Piles Is Relieved at once and Permanently Cured by

Dr. Chase's Ointment.

One of the strongest endorsements any remedy can have is its adoption by the medical profession as the standard treatment for the ills for which it is recommended. Such is the position of Dr. Chase's Ointment today.

DOCTORS USE IT.

Before the introduction of Dr. Chase's Ointment doctors admitted that they could not cure Eczema and Salt Rheum, and usually resorted to the surgical operation for piles. Now they use Dr. Chase's Ointment and know of no such thing as failure.

Of course they don't always tell their patients what they are using, nor do they give the treatment in the original package; but nevertheless they continually order it from these offices for use in their practice and recognize it as the only absolute cure for piles and itching skin diseases.

DOCTORS ENDORSE IT.

Canadian doctors are no less enthusiastic than their American brethren in the use of Dr. Chase's Ointment, but on account of the strict laws of the Dominion, do not care to have their names mentioned in public print. If you are in doubt regarding the wonderful virtues of Dr. Chase's Ointment ask your family physician. He knows its record in the past and will endorse it in the strongest terms.

Dr. C. M. Harlan, New York, writes: "No physician now refuses to acknowledge the claims of such remedies as Dr. Chase's Ointment which proves its virtue by curing where other means have failed."

"We know that Dr. Chase's Ointment meets all the requirements of the highest standard of worth, and that it is held in high esteem wherever used, and consequently we endorse it to every reader."

Dr. Chase's Ointment is guaranteed to cure any case of piles. 60 cents a box at all dealers, or Edmundson's Bares & Co., Toronto.

Drink Only Good Tea.

There's a reason for it. Cheap teas are not only flavorless, and require more tea to the cup to produce any taste, but moreover, are often artificially colored, and flavored, and are sometimes most dangerous. A branded tea like Litley's Elephant Brand is safest, as its packers' business reputation is staked on its purity.

Chole a morbus, cramps and kindred complaints actually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, etc., and they pass as a debauched from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures the cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

SIGNALS OF DANGERS.—Have you lost your appetite? Have you a coated tongue? Have you an unpleasant taste in the mouth? Does your head ache? Do you feel nervous? If so, your stomach is out of order and you need medicine. But you do not like medicine. It is that pretentious sickness to medicine must suffer, but under the circumstance the wise man would procure a box of Farnell's Vegetable Pills and speedily get himself in health, and strive to keep so.

THE MOST POPULAR FILL.—The pill is the most popular of all kinds of medicine, and of pills the most popular are Farnell's Vegetable Pills, because they do what is asserted that they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor grip, and they give relief in the most stubborn cases.

"Oh, I don't know," answered the needle, "I notice that whenever you get in a hole I have to pull you through."

And the scissors chuckled, "Saw it seams."
