CHATHAM.

MAY 22.—Chatham indulged in a spontaneous celebration, Friday evening, that was better than if it had been prearranged. Word arrived, just before six o'clock, of the relief of Mafeking, which had been besieged ever since the Boers declared war against Great Britain, and all the steam whistles in town were blown for several minutes by way of announcing the good news to the public. Everybody seemed to know what the screaming whistles were saying, and every face beamed with gladness. The town was gay with bunting in a few minutes, hundreds of flags blowing in the breeze. The word to close the stores was quickly passed around, and 7 o'clock found nearly all of them with their shutters up. This was a mistake, as it would have been much more like a gala evening if the stores had been lighted and their blinds up. Before dark cannon crackers began to boom in Water street, making reports like light artillery. The evening was fine, and half the town soon gathered in the streets. A good many teams were out, the horses and carriages being decked with small flags. Some of these drove rather recklessly, considering the crowds in the streets, and several persons narrowly escaped injury.

On Monday evening next, there is to be a vocal and instrumental concert given, under the auspices of St. Andrews church Christian Endeavor society in the hall of the church. An attractive programme has been prepared by the young people, on which appears the name of Hon. L. J. Tweedie for an address. The entertainment begins at eight o'clock.

The third public piano recital, by the pupils of Mr. F. W. Harrison, will be given in the Temperance hall, Newcastle, on Monday evening next. They will be assisted by Mrs. G. M. Young, reader; Mrs. J. W. Miller, contralto soloist, and a male quartette. Concert begins at eight o'clock.

The milliners are going to join the early closing procession. Monday and Wednesday evenings The young men from the grocery and dry good stores are out these evenings, wheelings and promenading, and the young ladies from the millinery

stores will now have the same privilege. There will be just as much millinery sold in the season, and the proprietors, we hope will stick to this arrangement, thereby making the twice-a-week early closing general.

On Tuesday evening 15th, a large company of ladies and gentlemen met at the house of Mrs. Robt. Watson, Douglastown, when the Rev. D. Markintosh, in the name of the subscribers, presented Mrs. Watson with a beautiful sideboard, as a memorial of their esteem for her Christian character, and a thank offering for her valuable services for many years, in and out of season, in the sick chambers of the town. Congratulatory remarks were afterwards made by Mr. H. Lamont and Mr. Fred Phillips, and a very pleasant evening was spent. Mrs. Watson and her family are leaving Douglastown for their new home at St. Mary's and carry the best wishes of the whole community with them.

THINGS OF VALUE.

Nodd—This servant question is a great nuisance, isn't it?

Todd—Awful! But I'm out of it. My cook has been with us so long that she is just like one of the family.

'How long?'

'Two weeks.'

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a com sumptive's grave, when, by the timely use of Bickie's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

'Jones, where are you going to escape the summer heat? Why, I'm busy just now escaping the collector for the man who furnished my winter heat.'

'It is a Great Public Benefit.'—These significant words were used in relation to Dr. THOMAS' ELECTRIC OIL, by a gentleman who had thoroughly tested its merits in his own case—having been cured by it of lameness of the knee, of three or four years' standing. It never fails to remove soreness as well as lameness, and is an incomparable pulmonic and corrective.

Mr. Knowlton—Red hair always accompanies great strength. It is natural—

Mr. Wunder—Get out! Did you ever see a red-headed elephant?

If your children are troubled with worms, give them Mother Graves' Worm Exterminator; safe, sure, and effectual. Try it, and mark the improvement in your child.

'Been awfully close today, hasn't it?' he said, from his seat on the opposite side of the room.

'Yes,' said she; 'but I don't notice any particular closeness this evening.'

Then he moved over to her and the light was lowered.

Ill fitting boots and shoes cause corns. Holloway's Corn Cure is the article to use. Get a bottle at once and cure your corns.

Northrup—'My congratulations on your marriage with the wealthy widow, old chap! Of course you are in clover now, eh?'

Hardup (sadly)—'No; she isn't the loan widow I took her to be.'

Suffer no More.—There are thousands who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Parlee's Vegetable Pills, which are among the best vegetable pills known, being easy to take and are most efficacious in their action. A trial of them will prove this.

Carried to Extremes.—'Yes, I know the governor very well,' said the shoemaker. 'I've made his boots for years.' He's awfully self-assured. I hear he remarked the other day, 'Do you find him so?'

'Yes, indeed. He won't wear anything but a V-toed shoe.'

A Recognized Regulator.—To bring the digestive organs into symmetrical working is the aim of physicians when they find a patient suffering from stomachic irregularities, and for this purpose they can prescribe nothing better than Parlee's Vegetable Pills, which will be found a pleasant medicine of surprising virtue in bringing the refractory organs into subjection and restoring them to normal action, in which condition only can they perform their duties properly.

An Exciting run.

The following incident in Lord Wolseley's military career is recorded as having taken place when he was in his twenties, and had been in the British army three years. He speaks of it himself as the most exciting experience of his life.

It was in Burma, and Wolseley was in charge of a small detachment. During the advance he had the bad luck to fall into a deep hole, and when he crawled out found himself on the enemy's side. As he emerged he was met with such a shower of bullets that he slid back in short order. After a few minutes he came out again, and amid a vigorous volley, ran for his life. He was nearly two hundred yards from the British line, and was hit three times before he reached a place of safety.

60 Specialists on the Case.—In the ordinary run of medical practice a greater number than this have treated cases of chronic dyspepsia and have failed to cure—but Dr. Von Stan's Pineapple Tablets (60 in a box at 35 cents cost)—have made the cure and put to route the mistaken notion that proprietary remedies are trash, and may help but never heal. These little "specialists" have proven their real merit. Sold by E. C. Brown.

ADAMSON'S BOTANIC BALSAM

CROUP is the most deadly of all diseases of children. It gives very little time in which to seek remedies. A little tiredness—a cough—feverishness—stiffled coughing—delirium—convulsions—and even at this critical period **LIFE IS SAVED** if this wonderful balsam is administered. It should be always on hand and given at the first symptom but it will nearly perform miracles whenever used.
