THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy, for the ills to which flesh is heir—the very nature of man's constitutions being such that we are victims of other and differently seated diseases rooted in the system of the patient—what would relieve one ill in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the faintest systems are invigorated, the weakness and strength, by the influence which Quinine exerts on Nature's own restorative. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a demand, and, by tranquillizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses through the veins, strengthening the animal function of the system, thereby making activity a necessary result strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

There is plenty of room at the top! This quote a misguided young fish. He arose to make sure of the things. Next day he was served on a dish.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

From scraps the clever pugilist Extracts a lot of cash. But the kind he doesn't relish Comes in the guise of hash.

Always on Hand—Mr. Thomas H. Porter, Lower Ireland, P. Q., writes: "My son, 18 months old, had cramp to bad that nothing gave him relief. My neighbor brought me some of Dr. THOMAS' ELECTRIC OIL, which I gave him, and in six hours he was cured. It is the best medicine I ever used, and I would not be without a bottle of it in my house."

THEY ARE CAREFULLY PREPARED.—Pills which disintegrate in the stomach cannot be expected to have much effect upon the intestines, and to overcome coarseness the medicine administered must influence the action of these canals. Farmacia's Vegetable Pills are so made, under the supervision of experts, that the substance is retained in the bowels until they pass through the stomach to the bowels.

And now the dude discovers, To his sorrow, dunce know That his bill is he cannot settle, With the checks his trousers show.

A SMALL PILL, BUT POWERFUL.—They that judge of the powers of a pill by its size, would consider Farmacia's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in the small doses, because they are powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.

Mr. Wheatpit—My failure is the talk of the street! At the meeting of my creditors today I arranged to pay 10 cents on the dollar!

Mr. Wheatpit (after a moment's figuring)—Oh, Henry, isn't that lovely? Then the \$50 hat I had sent home today will only cost you \$5!

Mrs. Youngwie—The baby talks incessantly. I think he will grow up to be a Congressman.

Mr. Oldbatch—I wouldn't worry about it, if I were you. Maybe he'll be a barber.

New York Millionaires.

Only a few people reading advertisements of bankers and brokers, saying that money could be made through speculation, realize that the richest men in America have commenced life in a humble way and have made their fortune through stock exchange speculations.

Men like Jay Gould who worked as a dry goods clerk in a small town at \$10.00 a week up to his twentieth year, and commenced to operate with his small savings of \$200.00 in Wall Street left at his death 70 millions of dollars; Russell Sage who worked as a grocery boy at \$4.00 per week and whose present wealth is estimated at 100 millions of dollars is still operating the market, although 80 years of age, and so are thousands of others who are enjoying all the luxuries life can offer, which is due to their success in speculations.

To the successful speculator the same opportunities are open to-day as to others in the past. The smallest lot which can be bought and sold is 10 shares on 3% margin, making \$3 dollars.

Anybody interested as to how speculations are conducted can get information and market letter free of charge upon application by letter to,

ITCHING SKIN.

In any Form, Whether Eczema, Salt Rheum or Piles Is Relieved and Permanently Cured by

Dr. Chase's Ointment.

One of the strongest endorsements any remedy can have is its adoption by the medical profession as the standard treatment for the ills for which it is recommended. Such is the position of Dr. Chase's Ointment today.

DOCTORS USE IT.

Before the introduction of Dr. Chase's Ointment doctors admitted that they could not cure Eczema and Salt Rheum, and usually resorted to the surgical operation for piles. Now they use Dr. Chase's Ointment and know of no such thing as failure.

Of course they don't always tell their patients what they are using nor do they give the treatment in the original package; but nevertheless they continually order it from the offices for use in their practice and recognize it as the only absolute cure for piles and itching skin diseases.

DOCTORS ENDORSE IT.

Canadian doctors are no less enthusiastic than their American brothers in the use of Dr. Chase's Ointment, but on account of the strict laws of the Dominion, do not care to have their names mentioned in public print. If you are in doubt regarding the wonderful virtues of Dr. Chase's Ointment ask your family physician. He knows its record in the past and will endorse it in the strongest terms.

Dr. C. M. Harlan, New York, writes: "No physician now refuses to acknowledge the claims of such remedies as Dr. Chase's Ointment which proves its virtue by curing where other means have failed."

"We know that Dr. Chase's Ointment meets all the requirements of the highest standard of worth, and that it is held in high esteem wherever used, and consequently we endorse it to every reader."

Dr. Chase's Ointment is guaranteed to cure any case of piles. 60 cts. a box at all dealers, or Edmundson's Bares & Co., Toronto.

Dr. Chase's Syrup of Linseed and Turpentine for throat and lung troubles, Dr. Chase's Catarrh Cure. Each 25 cts. at all dealers.
