A quiet wedding took place on Monday evening June 11th, at the Wesley Memorial church parsonage, when Mr. James Kelly of the I. C. R. railway and Miss Lyla A. Sewell were united in marriage. The bride was becomingly attired in a suit of grey and was unattended. The ceremony was performed by Rev. R. S. Crisp, after which the bride and groom retired to their home on Westmorland street.

Are The Kidneys Deranged?

If So, Uric Acid Poison is in Your System, and Your Sufferings Will Be Great—Dr. Chase's Kidney-Liver Pills Make Healthy Kidneys and Cure All Uric Acid Troubles.

The most painful, the most fatal, and, consequently, the most dreaded disease of the human body, are caused by the presence of uric acid in the blood.

The nature of your ailment will be decided by your constitution. The poison left in the blood by deranged kidneys will find lodgement in the weakest part and set up some dreadful disease.

It may be Bright's disease, diabetes, or dropsy. It may be the twanging pains of rheumatism. It may be chronic stomach troubles or bladder ailments. Whatever the form of disease this poisoned blood may cause, the cure can only be brought about by setting the kidneys right.

The experience of tens of thousands of men and women in Canada and the United States points to Dr. Chase's Kidney-Liver Pills as the most effective means of setting the kidneys right. No other kidney medicine can produce such irrefutable evidence of its wonderful curative virtue. No other kidney medicine has received such hearty endorsement from physicians. Nor is this to be wondered at, when it is remembered that Dr. Chase is a prince among physicians.

Nature has only provided one means of keeping the blood free from uric acid poisons—the kidneys. Nature's most effective invigorators of the kidneys are combined in Dr. Chase's Kidney-Liver Pills.

Mr. A. W. Parson, Martinville, Que., writes: "I was a sufferer from kidney disease and bladder trouble for 13 years, and had a constant desire to urinate with its accompanying weakness.

"Medicine prescribed by a skillful physician only gave me temporary relief. The trouble would recur at very awkward times. I was persuaded to try Dr. Chase's Kidney-Liver Pills. I obtained relief after one dose, and before I had finished the first box felt better than I had for many years."

Purely vegetable in composition, scientifically prepared from the great formula of Dr. A. W. Chase, thoroughly tested in thousands of severe cases, wonderfully efficient in all diseases caused by uric acid in the blood, Dr. Chase's Kidney-Liver Pills stand alone in the world's greatest kidney medicine. They prevent and cure disease by ridding the poisonous impurities from the blood. One pill a dose. 25 cents a box, at all dealers, or Edmansons, Bates & Co., Toronto.

Mr. and Mrs. Kelly have the best wishes of a large number of friends.

A movement is progressing to purchase the Dunlop residence in the East End for a general hospital. The property is held by the bank of Montreal, and it is probable that the bank would make a liberal reduction in value under the circumstances. A part of the money would need to be raised by public subscription and the balance carried by Mortgage.

Mr. D. Grant, who leaves shortly for the West, was Sunday presented by the Presbyterian Sunday school with a handsome piece of silver plate. The presentation was made by Mr. S. W. Irons, superintendent of the Sunday school, and a farewell address was read by Rev. J. M. Robinson. Mr. Grant made a fitting reply.

We are pleased to note that the health of the Rev. A. Ouellet, of Senechal, which has been in a precarious condition for some time, is now very materially improved.

HANTSPOUT.

JUNE 13.—Great was the joy manifested here last Tuesday evening when word arrived that Pretoria had fallen. A half holiday was at once proclaimed for the school, and the town was soon decorated with flags. The celebration in the evening was well carried out, and was witnessed by a large crowd of people. Early in the evening a torchlight procession marched round the square, headed by the band who discoursed a sweet music. Many of the houses were prettily illuminated especially that of Capt. Charles Lawrence. After this a magnificent display of fireworks was given which lasted late into the evening. Of the many special attractions one gotten up by Mr. Milton Martin attracted great attention. This consisted of lanterns being placed in a box covered with colored paper, and displayed the appropriate title "Bobs."

The pupils of the high school under Principal Shields took last Friday afternoon off, in order to collect flowers which they intend mounting.

On hearing of the capture of Pretoria last Tuesday eight young ladies thought they would try and celebrate. They first got weighed but finding their weight very little they then tried to increase it by rural painting. But finding they had little talent for this they all got an ice cream which they found "suited their taste much better."

Prof. H. N. Shaw of Toronto will give a recital here next Saturday evening in Churchill's hall under the auspices of the B. Y. P. U. THIN CSEVAJUE.

Hix—I guess your friend Meeks is coming out on top, after all.

Di—How so?

Hix—I saw him buy a bottle of hair restorer in a drug store the other day.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a standard unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquillizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrop & Ryan's Quinine Wine, is a tonic to the public, their superior Quinine Wine at the usual rate, and, gauged by the opinion of scientists' this wine approaches nearest perfection of any in the market. All druggists sell it.

Mistress—Jane, you may clear away the breakfast dishes and put the house in order. I am going to my dressmaker's to have a new gown fitted.

Jane—Yes, ma'am. Are you going to take your latch key, or shall I sit up for you?

So rapidly does lung irritation spread and deepen that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickel's Aged Consumptive Syrup, and cure yourself! It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which starts at the head of Bickel's Aged Consumptive Syrup, and its curing consumption and all lung diseases.

"What did that politician say about losing the nomination?"

"Oh, he merely said he would go home and blow his wife up for making him fool away good money having her photograph taken."

Still Another Triumph—Mr. Thomas S. Bullock, Sunderland, writes: "For fourteen years I was afflicted with Piles; and frequently I was unable to walk or sit, but for years ago I was cured by using DR. THOMAS' ELECTRIC OIL. I have also been subject to Quinsy for over forty years, but Electric Oil cured it, and it was a permanent cure in both cases, as neither the Piles nor Quinsy have troubled me since."

"They say as a politician Murphy always has the courage of his convictions."

"In what way?"

"Well, he never hesitates to make his own price."

TO THOSE, F SEDENTARY OCCUPATION.—Men who follow sedentary occupations, which deprive them of fresh air and exercise, are more prone to diseases of the liver and kidneys than those who lead active, outdoor lives. The former will find in Farnell's Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, and expeditiously, and they are surprisingly cheap considering their excellence.

"Can you tell me which mushrooms are poisonous and which are not?" asked a young woman.

"I can," answered the young man, who never admits he doesn't know.

"How?"

"By reading the papers next morning."

A SUMMER CURE FOR HEADACHE.—Bilious headache, to which women are more subject than men, because so acute in some subjects that they are restlessly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become a duly secreted there. Farnell's Vegetable Pills are a speedy alternative, and in neutralizing the effects of the intruding bile relieves the pressure on the nerves which cause the headache. Try them.

Miss Niblick—Don't you get tired of playing golf all the time?

Miss Braslie—Oh, yes. I often feel as if I would like to stop playing and just sit down and talk about it.

That Hang-on Cough

only needs to be attended to in a proper and thorough manner to be eradicated entirely from your system. Liniment rubbing and flannel wraps about the chest and throat are good enough but they are not sufficient, they don't go deep enough. The root of the disorder is pulmonary weakness—build that up—strengthen it with Adamson's Balsam and your
