There is to-day a crying need of a reformation in the treatment of the body. The basis of this reformation is to be found in the thesis of Dr. E. V. Pierce. "Diseases which originate in the stomach must be cured through the stomach."

In the thirty odd years of Dr. Pierce's experience as chief consulting physician to the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., he has treated more than half a million people, with a record of ninety-eight cures in every hundred. The theory held by Dr. Pierce is that the stomach is the chief breeding place of disease, is abundantly borne out by the success of his treatment which is addressed primarily to the stomach and other organs of digestion and nutrition.

No other medicine acts so powerfully and as perfectly on the stomach and other organs of digestion and nutrition, as Dr. Pierce's Golden Medical Discovery. Men and women afflicted with shortness of breath, heart disease, suffocation, dizziness, spots before the eyes, "liver pains," and similar ailments have been promptly and perfectly cured by the use of "Golden Medical Discovery."

Thomas A. Swarts, of Sub-Station C, Columbus, Ohio, Box 103, writes: "I was taken very sick with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got so weak I could scarcely get around. At last I had all these at once, and I gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got. Until six years passed I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up to die, thinking that I could not be cured. Then I saw one of my neighbors, who said, 'Take my advice, and use Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me and after I had taken eight I was weighed and found I had gained 27 pounds. I have done more hard work in the past eleven months than I did in two years before, and I am healthy to-day. I cannot give Dr. Pierce's Golden Medical Discovery too much praise."
