HALIFAX NOTES

Progress is being made in Halifax by the new stand and at the following news stands and centres.

MORSON & Co. ... Halifax street ... CANADA NEWS Co. ... Railway Depot ... J. R. FINDLAY ... Brunswick street ... J. W. ALLEN ... Dartmouth N. St ... Green Bookstore ... 109 Hollis St ... Mrs. De Freitas ... 181 Brunswick St

No social functions of any importance have come off during the past few weeks, and until the period of mourning has passed (which will probably be six weeks) there will be very little of interest to record.

St Patrick's church was well filled on Wednesday morning by the friends of Fred G Cable and Miss Mary Murphy, who were united in the holy bonds of matrimony by Rev Father Gerald Murphy.

Miss Lillian Jordan of Woodstock, N B is visiting Miss Wilson, Halifax. Alfred Putnam of Matland wife and two daughters, are at the Halifax. They intend to permanently reside in this city.

Many friends regret to learn that Mrs Henry Harris is critically ill at the residence of her daughter, Mrs Edwin Miller, Spring Garden road. Miss B Ferguson, Jno Bobuchan and Harry Gyzette left by the D A R today for Boston.

Mrs J A Dickey, Miss Dickey and Miss Fannie Pipes of Amherst are in the city for a week's visit. Miss Agnes MacMillan of Bridgewater, is the guest of her aunt, Mrs G H Finlay, 269 Robie street.

Last week Mrs Robert Rand entertained a number of guests who report a thoroughly enjoyable occasion.

Mrs A L Coulson, of St John, was called home by the sudden illness of her mother, Mrs Ellis. Miss Sims, one of Fredericton's, is visiting her sister Mrs George Starr.

Miss Archibald, organist of St Andrew's Presbyterian church, received from the congregation the present of a handsome set of furniture in recognition of her valuable services.

An event looked forward to with much pleasure in musical circles was the piano recital by the seminary. This occurred on Friday evening last and was fully up to the high standard that has been set by previous similar performances.

The opening and closing pieces, both hard selections, were rendered in excellent time and with marked ability, both as to technique and expression.

A selection from Bonny by Miss Evelyn Starr, and another from Jensen by Miss Maude Lounsbury, cleverly executed and elicited her applause.

A four hand performance by Miss Portia Starr and Mr W L Wright went off with much spirit, and Miss Cole and Mr White both made an excellent impression.

The whole performance evinced care and painstaking work on the part of the instructors on the piano.

KENIVILLE.

A soldier in the Philippines writes home that he has seen some strange sights, and gives the following instance. We borrow in our Golden Days.

A crowd of soldiers attended a church service in their honor, and there was much praying and singing, but the soldiers were chiefly interested in looking at the image of a saint. Above the image was the picture of an eagle, and on the banner which streamed from the eagle's bill was the following legend:

'The Old Reliable Condensed Milk' The saint had been decorated in honor of the visiting Americans, and the artist had copied the eagle and accompanying inscription from a milk can. He afterward explained that he thought it an American motto, as it was under the eagle.

Outdone.

In almost every small town there is some person who is known and despised for his inquisitive habits. Even children delight in thwarting the purposes of such a man, as is shown by the following incident, which a correspondent furnishes:

Mrs. Stoeken wished a friend to share her cider vinegar, and sent her eight-year-old son to deliver it. He returned quickly, his face wearing a satisfied smile.

'Mrs White was much obliged, ma, but I met Mr. Perkins just before I got here. He said, 'Hallo, but! I wonder if you've got molasses in that jug?' and I said, 'No, sir, Mr Perkins.' He said, 'Got vinegar?' and I said, 'No, sir, Mr. Perkins.' Then he asked, 'Got cider?' and I told him, 'No, sir, Mr. Perkins.'

'Last he said, 'Well, that's a jug in your hand, ain't it, Caleb?' and I put my jug on the ground and said, 'No, sir, Mr. Perkins!'

Too Risky.

The son of an officer in a life insurance company was about to enter a well known university as a freshman.

'Father,' he said a few days before his departure, 'I think I ought to have my life insured. Suppose you take my application.'

'Harold, my boy,' replied his father, with a smile half whimsical and half sad, 'as your paternal ancestor I strongly endorse that idea, but as a conscientious agent of the company I represent I shall have to refuse to take any risk on a college student in these days of football and cane rushers.'

There is food for thought here.

Building

Requires a foundation. That is just as true of the building up of the body as of the building of a house. The foundation of a strong body is a strong stomach. No man can be stronger than his stomach. A weak stomach means a weak man.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food which is eaten. Thus it builds up the body and restores strength in the only way known to Nature or to science—by digested and assimilated food.

While living in Charlotte, N. C., your medicine cured me of asthma and nasal catarrh of ten years' standing, writes J. L. Lumsden, Esq., of 227 Whitehall Street, Atlanta, Ga. "At that time life was a burden to me, and after spending hundreds of dollars under numerous doctors I was dying by inches. I weighed only 135 pounds. In twenty days after I commenced your treatment I was well of both troubles, and in six months I weighed 170 pounds, and was in perfect health. I have never felt the slightest symptom of either since. Am sixty-five years old and in perfect health, and weigh 160 pounds. No money could repay you for what you did for me. I would not return to the condition I was in, in October, 1872, for Rockefeller's wealth."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery," when a laxative is required.

FAT REDUCTION.

Mrs. M. Dumar studied the reduction of human fat for over 20 years, with the greatest specialists in Europe and America. Over 10,000 grateful patients attest her successes. Her treatment is not "Banting," nor starvation diet. She protests against the "Free Trial Treatment" fraud, and no other advertising. Her's is no "Monthly Payment" scheme. Mrs. Dumar's treatment is endorsed by the Colleges of Physicians and by "The United States Health Report."

Her total charge is \$1, which pays for prescription, for medicine sent in all first class drug stores, full instructions as to the treatment, and everything necessary to reduce one pound or more a day. No extra charges. No wrinkles and no injury to health.

FROM NEWSPAPER EDITORIAL. The patients of Mrs. Dumar are legion, and all of them are her friends. Weekly Tribune and Star. Twenty odd years she has spent in serving her sister-sufferers and all have benefited by her treatment.—Family Physician Magazine, N. Y.

For many years this successful specialist has been curing excesses of fat, and we acknowledge to be the highest American authority on all matters pertaining to health, sanitation and hygiene, feel authorized to recommend this treatment.—United States Health Report.

If you find this treatment not based on common sense, and find it doesn't work, she will send your \$1 back. If you question the value of this treatment, ask any proprietor of a first class newspaper. They all know Mrs. Dumar and what she has done. She has not published a testimonial in years. She does not need it. Her work is too well known.

If you are interested in reducing flesh and believe that a sure, guaranteed reduction (as promised above) is worth \$1 to you, mail that sum in bill, stamps or Money Order to MRS. M. DUMAR, 15 West 28th St. New York.
