THINGS OF VALUE WHY CROUP IS FATAL

When croup attacks your child you must be ready for it. It comes as an accompaniment to an ordinary cough, or it may attack without warning. All little children develop quickly, and when any kind of cough appears there should be something at hand to stop it with promptness. Many a child has choked to death with croup because the right remedy was not convenient. Every one should know that the right safeguard for a child's cough or any cough is Adamson's Botanic Cough Balm. With this soothing compound in the house, croup is always easily checked and relieved. To give a child a "rough mixture" containing a narcotic is a very serious matter, yet most preparations contain something of this kind. Adamson's Botanic Balm is prepared from the purest extracts of barks and roots and gums of trees, and is health-giving in every component part of it. Wherever it touches an inflamed surface, it heals and soothes it. Nothing ever compounded for cough is so harmless, and nothing so efficacious. Adamson's Balm is an old remedy and it has never lost a friend through failure to help. Keep it in the house. Try it on your own cough and do your child a good turn by being ready for any emergency. Price 25c. at any druggist's.

A MAGIC PILL.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills are recommended as most and sure.

It is an Elixir of Life.—Since forgotten times, men have been seeking for the Elixir of Life, which tradition says once existed. Dr. Thomas' Electric Oil is an Elixir before which pain cannot live. It is made up of six essential oils, carefully blended so that their curative properties are concentrated in one. It has no equal in the treatment of rheumatism and all bodily pains.

IN THE CENTRE of AFRICA the "Killer" spread. The natives use it to cure cuts, wounds, and sprains, as well as bowel complaints. Avoid substitutes, there's only one Pain Killer, Peppermint 25c. and 50c.

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

THE DEMON DYSPEPSIA.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon dyspepsia, is at large in the same way, seeking habitually in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills which are ever ready for the trial.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.
Pains in the Joints
may be muscular or rheumatic. The joints are hard to get at, and it requires a powerful, penetrating remedy to reach the affected parts. Polson's Nerviline exactly meets the requirements, for it is both powerful and penetrating. The pain is expelled as if by magic for one drop of Nerviline equals in strength five drops of other remedies. You won't often call the doctor if Nerviline is in the house. Price 25
