YOUR NAME, ADDRESS,

THINGS OF VALUE.

IF YOU CATCH COLD.

Many things may happen when you catch cold, but the thing that usually happens first is a cough. An inflammation starts up in the bronchial tubes or in the throat, and the discharge of mucous from the head constantly poisons this. Then the very contraction of the throat muscles in the act of coughing helps to irritate so that the more you cough the more you have to cough. It is of course beyond question that in many cases the irritation started in this way results in lung troubles that are called by serious names. It is in this irritated bronchial tube that the germ of consumption finds lodgment and breeds. Great numbers of people disregard cough at first and pay the penalty of neglect. Cough never did any one any good. It should be dispensed with promptly. Adamson's Botanic Cough Balsam is a well-known remedy, and it is the surest and quickest cough cure known today. It does not deceive by drying the throat. It soothes the irritated parts and heals them, then the cough stops of its own accord. The action of this medicine is so simple that it seems like nature's own provision for curing a cough. Every druggist has it, 25 cents. Be sure to get the genuine, which has "F. W. Kinsman & Co." blown in the bottle.

It Retains Old and Makes New Friends. Time was when Dr. Thomas' Electric Oil had but a small field of distribution, but now its territory is widespread. Those who first recognized its curative qualities still value it as a specific and while it retains its old friends it is ever making new. It is certain that whoever once uses it will not be without it.

Close—I'm proud to say I never borrow. Spenders—Ah! perhaps you have money to lend, then? Close—No, it's because I never lend that I don't have to borrow.

A CLEAR HEALTHY SKIN.—Eruptions of the skin and the blotches which bluish beauty are the result of impure blood caused by unhealthy action of the Liver and Kidneys. In correcting this unhealthy action and restoring the organs to their normal condition, Parmelee's Vegetable Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace.

BE THERE A WILL WISDOM POINTS THE WAY. The sick man pines for relief, but he dislikes sending for the doctor, which means bottles of drugs never consumed. He has not the resolution to load his stomach with compounds which smell villainously and taste worse. But if he have the will to deal himself with his ailment, wisdom will direct his attention to Parmelee's Vegetable Pills, which as a specific for indigestion and disorders of the digestive organs have no equal.

Bridget O'Hoolahan (on Pan-American excursion at Niagara)—Ain't it a grand sight, Patrick? O'Hoolahan—Hist, woman! Stoph talkin' long enough for me to hear the roar!

Very many persons die annually from cholera and kindred summer complaints, who might have been saved if proper remedies had been used. If attacked do not delay in getting a bottle of Dr. J. D. Kellogg's Dysentery Cordial, the medicine that never fails to effect a cure. Those who have used it say it acts promptly, and thoroughly subdues the pain and disease.

The superiority of Mother Graves' Worm Exterminator is shown by its good effect on the children. Purchase a bottle and give it a trial.

Corns cause intolerable pain. Try it, and see what amount of pain is saved.

You had better make it ten stories higher, said Good King Arthur to the royal architect. What is the use? queried the latter. The other: O's bodkins and gadroons, castif. Know ye not that the men of the future will have to have a storied castle to write about.

A Knock Out For Asthma.

You have had many disappointments, filled your stomach with nasty drugs, tried lots of things, but they all failed. Not being a stomach complaint, of course Asthma can't be cured by stomach medicine. But Catarrhoxone cures Asthma; it gives it a tired feeling in about fifteen minutes. Inhale Catarrhoxone; it makes breathing easy, cures the cough, makes you well. Doctors say there is nothing like Catarrhoxone for Asthma. 25 cents and \$1.00.

A SPRAINED ANKLE is not an uncommon accident. Pain-Killer relieves and cures almost as if by magic. The greatest household remedy. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c. J.T.B.

Break Up a Cold.

all you require is a glass of hot water, a little sugar, and thirty drops of Polson's Nerviline. Take it real hot, and in the morning you will wake up without a cold. When depressed or tired, try Nerviline; it will tone you up better than stimulants. Nerviline wards off all sickness and keeps people well. Large bottles 25c.

Putnam's Painless Corn and Wart Extractor is the only remedy that positively cures corns and warts without pain in twenty-four hours. Ask your druggist about it, he has sold it for a long time. Club any druggist who offers you a substitute for Putnam's Painless Corn Extractor. He knows it is best; you will too if you try it.

Fastening Buttons.

'When I get a bright idea I always want to pass it along,' said a thrifty housewife, as she sat watching a young girl sewing: 'Do your buttons ever come off?'

'Ever? They are always doing it. They are ironed off, washed off and pulled off until I despair. I seem to shed buttons at every step.'

'Make use of these two hints when you are sewing them on, then, and see if they make any difference. When you begin, before you lay the button on the cloth, put the thread through so that the knot will be on the right side. That leaves it under the button, and prevents it from being worn or ironed away, and thus beginning the loosening process.

'Then, before you begin sewing, lay a large pin across the button, so that all your threads will go over the pin. After you have finished filling the holes with thread, draw out the pin, and wind your thread round and round beneath the button. That makes a compact stem to sustain the possible pulling and wear of the buttonhole.

'It is no exaggeration to say that my buttons never come off, and I'm sure yours won't if you use my method of sewing.'

A Dangerous Simile.

Harry—'It's an old simile, but an apt one. When a man is married, he is like the man who has caught his car; he doesn't run after it any longer.'

Dick—'He is merely intent upon getting a transfer.'

This seems to be a time of religious unrest, said the rank outsider when the horns got mixed up with the church picnic party.

The butler—Good! Evins! Be reasonable The Cook—Be reasonable, is it? And do ye think I'd be reasonable when the likes av you tells me to do it?
