ling companies. I am arranging to send several companies into France and will have them appear in Paris. I have more than 800 people on my salary lists, and I will have others added to this number, as I will bring out seven more productions during the next three months.

Ignace Paderewski is to be the only distinguished Polish musician to take part in the opening of the new symphony hall at Warsaw next month, although Edouard de Reszke and Mme. Sembrich had promised to sing. Both are in this country and only the pianist remains of the original trio of soloists. Jean de Reszke declined immediately as he never sings in concert. All of these singers are stockholders in the new hall, which had cost more than \$500,000, and is intended to serve as Poland's temple of music. The building was begun two years ago. Ten symphony concerts will be given during the first season.

Virginia Harned's first performance of Alice of Old Vincennes in Cleveland had an auction sale attachment and \$5,000 was realized, the amount going to the McKinley memorial fund. The figures constitute, perhaps the highest first night sale ever recorded save one, when S. u. t. Robson opened a new theatre in Michigan with an auction sale to the extent of about \$10,000. The funds were used to pay for the theatre.

Francis Carrier, the well known baritone who has been prominent in church and concert work, has been requested by Manager Savage of the Castle Square opera company, to join the company in Buffalo, Nov. 26, when he will sing the part of Telramund in Lohengrin. Mr. Carrier's evident dramatic gifts warrant the belief of his admirers that his success in opera will equal his previous achievements on the concert stage.

I am very much afraid, said Miss Cayenne that I am losing my reputation as a keen observer and a satirist.

What makes you think so?

Several people yesterday said they were glad to see me as if they really meant it.

Croupy Coughs of Children.

The tendency to croup is a fact that all parents have to fight. Croup comes in the night, when the help might be right at hand if it is to be helpful at all. Adamson's Botanic Cough Balsam is a blessing to all families where there are children subject to attacks of croup or any mean cough. It has a wonderful reputation for its efficiency and fully deserves it. You cannot tell what night your child may wake up choking to death with croup. In such a case what do you do? Send for a doctor and wait an hour or perhaps two hours, while the child is grasping for help? How much simpler were the true specifics for croupy coughs and all throat troubles if right at hand. Indeed, no other way is safe with young children in the house.

Adamson's Cough Balsam is a most delicate medicine for children, relieving the little throats at once. Its action is soothing and certain. All coughs and all manifestations of the throat or bronchial tubes are cured by the Balsam with promptness and at a price. All druggists sell it, 2 cents. The genuine has "F. W."
