A school inspector, having a few minutes to spare after examining the school, put a few questions to the lower form boys on the common objects in the schoolroom.  
'What is the use of that map?' he asked, pointing to one stretched across the corner of the room; and half a dozen shrill voices answered, in measured articulation: 'It's to hide the teacher's bicycle, sir!'

#### THINGS OF VALUE.

'Have you ever been perfectly happy?'  
'Yes but I never knew it at the time.'

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very name of our curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in another would aggravate the other. We have, however, in Quinine Wine, when obtainable in a pure and unadulterated state, a remedy for many of our ailments. By its gradual and judicious use, the ailments are led into convalescence and strength by the influence which Quinine exerts on its own resources. It relieves the chronic state of those with whom a chronic state of ailments is a disability and, by tranquilizing the nerves, disposes to food and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the heart and giving a necessary result, strengthening the frame, and giving life to the digestive organs which rationally demand increased substance—rest, improved appetite, Northrop & Lyman of Toronto have given to the public their superior Quinine Wine at the usual rate and gauged by the opinion of scientists this wine approved has nearest perfection of any in the market. All druggists sell it.

A promising young man—'Lue fellow who always says "I'll see you later."

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhea, cholera, summer complaint, sea sickness and complaints incidental to children's teething. It gives immediate relief to those suffering from the effects of indigestion on eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need fear cholera if they have a bottle of this medicine convenient.

'What a slender little thing she is!' 'Yes but you'd be surprised to see some of the big men she has thrown over.'

THEY DROVE LIMPLES AWAY—A face covered with pimples is unsightly. It tells of internal disease, which should long since have been corrected. The liver and the kidneys are not performing their functions in the healthy way they should, and these pimples are a sign that the blood is impure. Farnell's Vegetable Pills will drive them away, and will leave the skin clear and clean. They are, and there will be another witness to their excellence.

'That he who reads many books—'I look out for the dog.'

FOR INFLAMMATION OF THE EYES.—Farnell's Vegetable Pills possess, besides regular and powerful digestive organs in the eye, in reducing inflammation of the eyes. It has called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They affect the nerve centres and the blood in a strengthening active way, and the result is almost immediately seen.

You don't let everyday know that you are somebody, nobody will think you are anybody.

It Lays a Stiff Hand on Pain.—For pains in the joints and limbs, and for rheumatism, neuralgia and lumbago, Farnell's Vegetable Oil is without a peer. Well rubbed in, the skin absorbs it and it quickly and permanently relieves the affected part. Its value lies in its magic property of removing pain from the body and for that good quality it is prized.

Mother Graves' Worm Expeller has the largest sale of any similar preparation sold in Canada. It always gives satisfaction by restoring health to the little folks.

It is only necessary to read the testimonials to be convinced that Holloway's Colic Cure is unequalled for the removal of colic, warts, etc. It is a complete extingisher.

#### WHY CROUP IS FATAL.

When croup attacks your child you must be ready for it. It comes as an accompaniment to an ordinary cough, or it may attack without warning. All ills of children develop quickly, and when any kind of cough appears there should be something at hand to stop it with promptness. Many a child has choked to death with croup because the right remedy was not convenient. Every one should know that the right safeguard for a child's cough or any cough is Adamson's Botanic Cough Balsam. With this soothing compound in the house, croup is always easily checked and relieved.

To give a child a "cough mixture" containing a narcotic is a very serious matter, yet most preparations contain something of this kind. Adamson's Botanic Balsam is prepared from the purest extracts of barks and roots and gums of trees, and is health giving in every component part of it. Wherever it touches an inflamed surface, it heals and soothes it. Nothing ever compounded for cough is so harmless, and nothing so efficacious. Adamson's Balsam is an old remedy and it has never lost a friend through failure to help. Keep it in the house. Try it on your own cough and do your child a good turn by being ready for any emergency. Price 25c. at all druggists.

#### Stop aches!

would be a justifiable cry directed against the countless balmbugs that offer a cure for Catarrh. There is only one scientific method of treatment for Catarrh. Make the air you breathe the carrier of healing balsamic curative agent. It bathes every inch of mucous membranes with its healing, soothing properties. That's Catarrhozone. Your druggist or doctor will tell you it's the only effective method of treatment and that it is sure—prompt—permanent. Remember the name Catarrhozone. All dealers, 25c. and \$1.00.

NO HOME should be without it. Pain-Killer, the best all around medicine ever made. Used as a liniment for bruises and swellings. Internally for cramps and diarrhoea. Avoid substitutes, there is but one Pain Killer, Perry Davis'. 25c. and 50c.

#### Corn Need

Is at hand, for with aching corns, a prompt safe and painless remedy is needed. This is just what Putnam's Painless Corn and Wart Extractor is—prompt, painless and permanent. All druggists sell it.

#### Philosophy.

A dr' saw won't do much cu' n' but it make as more noise than a sharp un.  
There's one consolation a poor man's got—when he dies nobody'll fight over his money!

Nothing great was ever done that there wasn't somebody fighting agin it.  
Ye kin stretch a rubber jacc so far an' then it'll bust.  
Some people's faith's like a lookin', but ket.

It's mighty hard some times to tell just where exaggeration ends an' lying begins.

It's a mighty common thing for a man to make mistakes, but a mighty uncommon fer him to own up to 'em.

Ye can't read teller's thoughts, but his actions speak fer 'emselves.

I know uv a teller that was bit by a rattlesnake twenty years ago an' is still drinking whiskey to cure it.

Goods resolutions is easy to keep; they generally kin be found on the top shelf under a half-inch o' dust.

Gittin' mad's some times like throwin a stone in a hole's nest.

'Did you ever notice this paradox?' remarked the crusty summer boarder on the seaside hotel.

'What paradox?' inquired the other.

'That the empty cell's are always the best to get.'
