A Life Saved.—Mr. James Bryson, Cameron, at times "I was confined to my bed with inflammation of the lungs, and was given up by the physicians. A neighbor advised me to try Dr. THOMAS' ELECTRIC OIL stating that his wife had used it for a throat trouble with the best results. Acting on his advice, I procured the medicine, and less than a half bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good." "My daughter's music, sighed the mother, 'has been a great expense.' 'Indeed?' returned the guest. 'Some neighbor sued you I suppose?' A CLEAR HEALTHY SKIN.—Eruptions of the skin and the blotches which blemish beauty are the result of impure blood caused by unhealthy action of the Liver and Kidneys. In correcting this unhealthy action of the Liver and Kidneys, and restoring the organs to their normal condition, Parmelee's Vegetable Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace. "Did you see those sleeping cars that were reported on fire?" "No, sir. When I got there they were all smoking cars." BE THERE A WILL WISDOM POINTS THE WAY.—The sick man pines for relief, but he dislikes sending for a doctor, which means bottles of drugs never consumed. He has not the resolution to load his stomach with compounds which smell unpleasantly and taste worse. But if he have the will to deal himself with his ailment, wisdom will direct his attention to Parmelee's Vegetable Pills, which as a specific for indigestion and disorders of the digestive organs have no equal.

Of all the numerous teachers Doing business here on earth. Experience is the dearest one—but you get your money's worth. A Crisis in the Schoolroom. The inspector of schools in a country district, being in a hurry to catch a train, stood in the doorway and endeavored to give out dictation to standard II. in the main room, and at the same time to give a sum to standard V. in the school room, jerking out the words a few at a time alternately. This was the sum: 'If a couple of fat ducks cost four dollars and a half, how many can be got for twenty-one dollars and thirty-five cents?' And this was the other dictation: 'Now as a lion prowling about in search,' and so forth. Naturally enough the poor children, unaccustomed to such hurried dictation, heard both and were sadly mixed. One girl's dictation began: 'Now a couple of ducks, prowling about in search of a lion who had lost four dollars and fifty cents.' And the small boy in the schoolroom vainly endeavored to solve the mysteries of this extraordinary sum: 'If seventy-two couples of fat lions cost four dollars and a half, how much prowling could be got for twenty-one dollars and thirty-five cents?'

The Cause of Dyspepsia Pains. They arise from the formation of gas owing to improper digestion. A very prompt and efficient remedy is Polson's Nerviline. It relieves the distention instantly, and by its stimulating action on the stomach, aids digestion. Nerviline cures dyspepsia pains by removing the cause. Nerviline is also highly recommended for cramps, colic, summer complaint and inflammation. Sold in large 25c. bottles everywhere. 'Your hair is rarest gold,' he cried, 'You are the maid I've picked,' But after she became his bride He found he'd been gold bricked. 'Can't I sell you something to keep the hair from coming out?' asked the barber. 'No,' answered the customer with the polished pate.—'What I want is something to coax it along and keep it from staying inside.'

COUGHING ALL NIGHT.

It's this night coughing that breaks us down, keeping us awake most of the time, and annoying everybody in the house. Lots of people don't begin to cough until they go to bed. It gets to be so that retiring for the night is an empty form, for they cannot rest. Adamson's Botanic Cough Balm makes life worth living to such people by its soothing effect on the throat. The 'tickling sensation' promptly disappears when the use of the Balm is begun, and the irritation goes with it. This medicine for cough hasn't a disagreeable thing about it, and it does efficient service in breaking up coughs of long standing. It is prepared from barks and roots and gums of trees, and is a true specific for throat troubles. Handling coughs is a science that every one should learn. Not knowing how to treat them has cost many fortunes and many lives. In Adamson's Balm there are the elements which not only heal inflammation, but which protect the inflamed parts from further irritation. The result of this is that the tendency to cough does not manifest itself, and you are surprised at it. Afterward you would not be without Adamson's Balm at hand. This remedy can be tested. 25 cents at any druggist's.

The Longest Word. The Editor of the New England Dictionary has a right to be heard on the subject of the longest word. A writer in the Temple Magazine says Dr Murray points out in his note to 'Inter' that those who are interested in the length of words may observe that in-circumscrip-tibleness has as many letters as honorificabilitudinitas, viz, 22. The authority quoted for the former word is one Byfield, a divine, who in a treatise on Colossians published in 1613, wrote, 'The immensity of Christ's divine nature hath . . . incircumscrip-tibleness in respect of place.' In the recent biography of Dr. Denry is the entry from the Archbishop's diary to the effect that 'the Free Kirk of the North of Scotland are strong anti-disen-establishmentarians'—26 letters.
