AFTER

The guests are gone the smile slips from the face of the hostess and she gives up to the pain which racks her body. Many a woman entertains and wears a smile while her back aches and her nerves quiver with pain. Surely any medicine which offers relief to women would be worth a trial under such conditions. But when the woman's medicine, Dr. Pierce's Favorite Prescription, is offered with the proof of efficacy in thousands of well attested cures, what excuse can then be offered for suffering longer? Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

"It is with the greatest pleasure I write you the benefit my mother has received from your 'Favorite Prescription' and 'Golden Medical Discovery,'" says Miss Carrie Johnson, of Lowesville, Amherst Co., Va. "She suffered untold misery with uterine disease and nervousness, and had a constant roaring and ringing noise in her head.
