'Er—the contribution plate', answered the Rev. Longface, absently. 'Here's another letter from that new tenant', said the secretary. 'What's he want now?' inquired the proprietor of the Highbup apartment house. 'Says he's got to have more room in his flat. Says it'll help some if you'll let him scrape the paper off the walls.' Miss Gabbeigh—I had 15 proposals yesterday. Miss Sezzit—Did the man stutter? 'We had 13 people at our porch party last night.' 'Any bad luck?' 'Yes; everybody wanted ice cream twice and it gave out.' The waiter—'Beg pardon, sir, but—ahem—the gents here usually remember my services. The guest (pocketing the change)—Do they? They ought to be more charitable and forget it.

Senator, asked the interviewer, 'do I understand you to say there is little money made in politics?'

'Well—er—you might say,' replied the senator, 'there is a great deal of money made out of politics.'

'I wish the company would promote me to a conductor,' said the motorman wistfully.

'So do I,' said his wife. 'Yes,' added the motorman; 'now a conductor is in a rare way to be rich if he does the right thing.'

'I've called,' said the patient, 'to see what you would give for an attack of rheumatism.'

'Nothing snapped Dr. Crochet; 'I've got an attack myself that I'd like to give away.'

'I've saved a heap o' time,' said Meandering Mike, complacently. By hurrying?' asked Plodding Pete, ap prehensively.

'No. Jee' by taking it easy. Instead o' pillin' up wealt' an' havin' to git poor by givin' it away, I started out poor in de fust place, an have hel't me own manfully ever since.'

'Oh, yes, our home is complete in every respect,' said Mr. Proudpop.

A Man may leave footprints on the sands of time with impunity, but he should be careful how he leaves them on a recently scrubbed kitchen floor.

HUNDREDS OF OPINIONS agree upon the fact that Pain Killer has alleviated more pain than any one medicine. Un- equalled for diarrhoea and dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50.

'I ask you fer bread,' exclaimed the mendicant, bitterly, 'and you give me hygienic bread!'

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

THINGS OF VALUE.

It is Known Everywhere.—There is not a city, town or hamlet in Canada where Dr. Thomas' Electric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Electric Oil, and that is Dr. Thomas'. Take nothing else.

Visitor in Boston—He seems to be a distinguished foreigner. Is he a Japanese or a Chinaman? Native Citizen—I do not know. Individuals of the Mongolian race all present the same external aspect to me.

TO THOSE OF SEDENTARY OCCUPATION.—Men who follow sedentary occupations, which deprive them of fresh air and exercise, are more prone to disorders of the liver and kidneys than those who lead active, outdoor lives. The former will find in Parmelee's Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously and they are surprisingly cheap considering their excellence.

Cause and effect: RAYDOR—How did you ever get such a snap job as yours? Shine—Oh, I just rubbered around a little.

A SURE CURE FOR HEADACHE.—Bilious headache, to which women are more subject than men, becomes so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become unduly secreted there. Parmelee's Vegetable Pills are a speedy alternative, and in neutralizing the effects of the intruding bile relieves the pressure on the nerves which causes the headache. Try them.

I've often thought what a fortunate fellow Jonah was. How's that? Why if he had turned that whale trick in the 20th century he'd have been in every soap advertisement in the civilized world.

Pale sickly children should use Mother Graves' Worm Exterminator. Worms are one of the principal causes of suffering in children and should be expelled from the system.

A washerwoman may be fond of jewelry without caring for wrings.

Holloway's Corn Cure is a specific for the removal of corns and warts. We have never heard of its failing to remove even the worse kind.

When it comes to her age, even a selfish woman is willing to deny herself.

EASING THE CHEST.

It is the cold on the chest that scares people and makes them sick and sore. The cough that accompanies the chest cold is racking. When the cold is a hard one and the cough correspondingly severe, every coughing spell strains the whole system. We feel sure that if we could only stop coughing for a day or so we could get over the cold, but we try everything we know of or can hear of in the shape of medicine. We take big doses of quinine until the head buzzes and roars; we try to sweat it out; we take big draughts of whiskey, but the thing that has its grip on the chest hangs on, and won't be shaken loose.

If the irritation that makes us cough could be stopped, we would get better promptly, and it is because Adamson's Botanic Cough Balsam is so soothing and healing to the inflamed throat that it is so efficient a remedy for coughs and colds. This really great medicine is a very simple preparation, made of extracts of barks and gums of trees, and it never deceives. It heals the throat and the desire to cough is gone. When the cough goes the work of cure is almost complete. All druggists sell Adamson's Balsam, 25 cents. Try this famous Balsam for your sore chest and you will find prompt relief.
