

A SUCCESSFUL CAREER.

The Globe Interviews Dr. J. D. Maher and Presents a List of Testimonials and References Received by Him of Which any Young Man Might be Proud.

Where people from all parts of the city and country go when in quest of good dental work. The Hale Method of Painless Dentistry used exclusively at these offices. Has done more to bring the importance of the care of the teeth before the public than any other dentist in this province.

Our temporary, the Globe, on Saturday evening, printed the following interesting interview with Dr. J. D. Maher of North End, which will, no doubt, be perused with interest by readers of PROGRESS. It is quite a tribute to Dr. Maher as a Surgeon-Dentist:

Who is there that does not know the pangs of an aching tooth, and how many thousands in this city have cause to thank Dr. J. D. Maher for the introduction of the now famous Hale Method of painless dentistry, which after eight years' constant use in this city is today more popular than ever?

It is a question whether there is another dental office in Canada that turns out such thorough and such a quantity of dental work as do the Boston Dental Parlors of St. John of which Dr. Maher is proprietor.

After ten years of constantly increasing and strictly up to date practice, Dr. Maher has so well established himself in his profession that his name is a household word in the Maritime Provinces wherever the subject dentistry of a superior character is discussed.

Employing only those who are adepts at the business, it is no wonder that the quality of the work is of so high a character. Thousands of patients feel grateful for the easy and painless manner in which they have had teeth extracted or filled.

Patients from all parts of the Maritime Provinces, Maine and elsewhere may be found daily at his offices awaiting treatment, which is the very best compliment that could be paid.

When a reporter called the other day he was surprised to find that all the offices had been refurbished from the top to bottom, presenting a beautiful appearance. The place was recently beautifully decorated by Mr. Joseph Craig. The walls are covered with choice steel engravings, and the rooms furnished with the best of everything by Messrs. M., R. & A.

New dental chairs, fountain spittoons, saliva ejectors, and all the latest and best appliances have been introduced. This has been one of the chief factors of his success, and he spares no pains or money to secure the best of everything for his patients, and his charges are as reasonable as they could be—only the very best materials being used.

No students are allowed to practice on patients, as he considers it an injustice to have uneducated, inexperienced youths tampering with the teeth at an unsuspecting people who go to a dental office in good faith and pay their money expecting to get reliable work.

All kinds of dental work are performed there, and several sets of artificial teeth shown the reporter, some on gold, some on platinum, others on silver, aluminum and rubber, containing gold crowns, gold fillings, etc., were masterpieces of workmanship, whilst the specimens of crown and bridge work made at these offices, and in which a special pride is taken, cannot be surpassed in Canada.

These offices, which are under the charge of a lady assistant, are open daily from 9 a. m. until 9 p. m.

We present today cuts of the rooms, which fail to do them justice as they cannot easily be photographed; however, the work performed by Messrs. Erb and Wesley is particularly good, considering the disadvantages.

The introduction of the now famous Hale Method has revolutionized dentistry in this province. Dr. Maher can very justly lay claim to being the "Father of Painless Dentistry," in New Brunswick, and the Hale system cannot be used by any other dentist in the city of St. John, although Dr. Maher, as sole agent in Canada, has sold to other dentists the exclusive right to use it in certain parts of Canada. That he can do all he claims is vouched for by hundreds of our most reliable citizens.

He is also registered in the United States, and is the only dentist in Canada not practicing in Nova Scotia at present who is entitled to do so, being fully registered in that province. He expects to open a branch office in Halifax as soon as he can complete arrangements, as a large practice awaits him there.

He is at present arranging for a branch office here in the South End, which will no doubt be in keeping with the one in the

North End, which has no superior in Canada.

Now that the vacation is coming, parents should not fail to have their children's teeth attended to, as they are powerful factors in assisting digestion, which means good health. We highly recommend any one who may be in need of such services and desirous of obtaining reliable dentistry to visit the Boston Dental Parlors, 527 Main street, North End, where an examination of the teeth will gladly be made free of charge, and where one may feel assured of obtaining efficient workmanship.

We present here a few names and testimonials of the many hundreds of which Dr. Maher has been the recipient, the fact of having his endorsement and the praise

RECEPTION ROOM.

mission to use the names of the following best known and trustworthy officials, clergymen, physicians and citizens is a notable proof of the position held by him as a dentist in this province.

TESTIMONIALS.

Governor McClelan writes:
Government House,
Fredericton, N. B.

Dear Sir—It affords me pleasure to state that Mrs. McClelan has derived great satisfaction from your dentistry treatment, and not only the painless extraction, but also the subsequent work.

I am, yours, etc.,
A. R. McCLELAN.

To Dr. Maher, D. D. S., St. John.
Hon. L. J. Tweedie, Premier, writes:
Chatham.

Dr. J. D. Maher, Boston Dental Parlors, No. 527 Main St., St. John:
Dear Sir—I have read with a great deal of interest your letter of the 13th ultimo, addressed to the Board of School Trustees of the city of St. John,

monials as to the merits of the so-called "Hale Method" would indicate that had Burns lived in these days he never would have had occasion to write his testing "Address to the Toothache." I sincerely trust that you may energetically pursue the path which you have so clearly mapped out; public attention will surely be arrested by necessity of some action. It does not require a Shakespeare to teach us.

"For there was never yet a philosopher that could endure the toothache patiently."

Although he took occasion to tell us so. Yours faithfully,

H. R. EMMERSON.

WILLIAM SHAW, M. P. P.

Mr. H. A. McKeown, M. P. P. a leading barrister and Solicitor General of New Brunswick, says:
Dr. J. D. Maher:

My Dear Sir,—I have much pleasure in expressing the complete satisfaction which I received from your treatment.

Yours very respectfully
H. A. McKEOWN.

JUDGE McLEOD.

St. John, N. B., 18th June, 1901.

Dr. Maher:
Dear Sir,—I have much pleasure in testifying to the satisfaction given a member of my family through dental work done for her in your office.

Yours faithfully,
ALFRED MARKHAM.

OPERATING ROOM, No. 2.

upon the subject of "Examination of Children's Teeth. I am convinced of the importance of the matter of which you treat, but at the present time there may be many difficulties in the way of carrying out your suggestions. Many parents would consider it an interference with their individual rights, and the trustees of school boards would hesitate, under the

Dalhousie.

Dr. J. D. Maher, St. John, N. B.:
My Dear Sir,—I have had the Hale Method used while having teeth extracted and suffered no pain whatever. I have recommended it to several of my friends since.

Yours truly,

C. H. LABILLOIS.
