The home of Mrs J B Brown, Torbrook, was the scene of a pretty wedding on Wednesday evening Aug 21st, when her youngest daughter, Jennie, was united in marriage to Benjamin N Wheeler, of Leominster, Mass. The lawn in front of the house, with its many ornamental trees, was illuminated for the occasion, and to the strains of the wedding march, played by Mrs H B Smith, the happy couple passed down the carpeted walk to a decorated arch, under which the nuptial knot was tied by the brother-in-law of the bride, Rev H B Smith, assisted by Rev W M Smallhouse. The bride looked charming in white organdie trimmed with ribbon and lace, with train, bridal veil and orange blossoms. The groom, in the usual evening dress, looked the happy man he was. After the ceremony and congratulations, over sixty guests repaired to the parlors, where tea was served, and later ice cream. When the evening was spent, the bride and groom left mid showers of rice and good wishes.

THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the frailtest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrop & Lyman of Toronto have given to the public their superior Quinine Wine at the usual rate and gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

PREVENT DISORDERS.—At the first symptoms of internal disorder, Farmelee's Vegetable Pills should be resorted to immediately. Two or three of these salutary pellets, taken before going to bed followed by doses of one or two pills for two or three nights in succession, will serve as a preventive of attacks of dyspepsia and all the disorders which follow in the train of that ill disorder. The means are simple when the way is known.

In and out among the best people—false teeth.

Do NOT DELAY.—When through debilitated, de-gestive organs, poison finds its way into the blood, the prime consideration is to get the poison out as rapidly and as thorough as possible. Delay may mean disaster. Farmelee's Vegetable Pills will be found a most valuable and effective medicine to assuage the intruder with. They never fail. They go at once to the seat of the trouble and work a permanent cure.

A man never knows how much he really loves a girl until she rejects him. We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera, and all summer complaints, sea sickness, etc. It promptly gives relief and the means to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Mean men are the best at guessing conundrums. This comes from the fact that they hate to give up anything.

Parents buy Mother Graves' Worm Exterminator because they know it is a safe medicine for their children and an effectual expeller of worms.

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mr J. W. Brown, Chicago.

Any man can start an earthquake shock in a neighborhood. All he has to do is to ask people if they felt the shock and imagination does the rest.

A Wife's Sphere of Usefulness.—The consumption of Dr. Thomas' Electric Oil has grown to great proportions. Notwithstanding the fact that it has now been on the market for over twenty one years, its popularity is as great as ever and the demand for it in that period has very greatly increased. It is beneficial in all countries, and wherever introduced fresh supplies are constantly asked for.

THE HACKING COUGH.

One of the meanest things to get rid of is a hacking cough. There is apparently no cause for it. No soreness, no irritation at first; but the involuntary effort of the muscles of the throat to get rid of something is almost constant. Of course, with many coughs is a habit, but it is a bad habit, and should be stopped. When you realize this and try to stop it, you find you can't, for by that time there is an actual irritation, which will never get better without treatment.

It is a curious thing that nearly all treatment for cough actually makes the cough worse. Then, too, most medicines for cough have a bad effect in the stomach. This is especially true of so called cough remedies that contain a narcotic. The true treatment for cough is one that heals the irritated surfaces. That is what Adamson's Botanic Cough Balsam does. It protects the throat also while the healing process is going on. When this remedy was first compounded our old men were young boys, and all this time it has been doing a steady work of healing throats. The most obstinate hacking cough will quickly show the effect of the Balsam. People who have been trying for years to break up the mean little cough, will find a sure friend in this old time soothing compound made from the barks and gums of trees. All druggists sell Adamson's Botanic Balsam. 25 cents.

Would you call a man that puts up curtains a curtain man? I suppose so. Well, would you call a man who puts up blinds a blind man?
