St. Vitus's

Dance, or chorea, is one of the most pitiable afflictions humanity is called on to endure. That this disease can be cured, however, is proven by the fact that it has been cured by the use of Dr. Pierce's Favorite Prescription. The

tranquilizing effect upon the nerves exercised by this remarkable medicine is witnessed to by thousands who have found healing and strength in its use. It not only cures womanly diseases, but it promotes the health of the whole body. It is a nervefeeding, strengthgiving, sleep-inducng medicine. It makes weak women strong and sick

women well. "Favorite Prescription" contains no alcohol and is entirely free from opium, cocaine, and all other narcotics. It cannot disagree with the weakest

or most delicate constitution. "When our daughter Lizzie had St, Vitus's dance, I happened to get one of your small books and read it," writes Henry L. Miller, Esq., of 1016 North 7th St., Burlington, Iowa. "Among other things I found that Dr. Pierce's Pavorite Prescription cured patients suffering from that trouble, so I went out and got a bottle. She was very bad at that time and could hardly talk. When I read about your medicine in that small book, I said to myself, with the help of God and that medicine we can cure our daughter. We did so. Four bottles of 'Favorite Prescription' cured her, and I did not have to take her to the doctor any more. She is well, thank God and the 'Favorite Prescription' for it."
