YOUR NAME,..... ADDRESS,.....

THINGS OF VALUE.

There never was, and never will be, a universal panacea, in one remedy for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use, the feeblest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquillizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite, Northrop & Leman of Toronto have given to the public their superior Quinine Wine at the usual rate and gauged by the opinion of scientists this wine approaches nearest perfection of any in the market. All druggists sell it.

Dr. J. D. Kellogg's Dysentery Cordial is prepared from drugs known to the profession as thoroughly reliable for the cure of cholera, dysentery, diarrhoea, griping pains and summer complaints. It has been used successfully by medical practitioners for a number of years with gratifying results. If suffering from any summer complaint it is just the medicine that will cure you. Try a bottle. It sells for 25 cents.

Are you a sufferer with corns? If you are get a bottle of Holloway's Corn Cure. It has never been known to fail. Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Expeller is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

THEY ARE CAREFULLY PREPARED.—Pills which dissipate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome constipation the medicine administered must influence the action of these canals. Parmelee's Vegetable Pills are so made, under the supervision of experts, that the substance in them intended to operate on the intestines are retarded in action until they pass through the stomach to the bowels.

A SMALL PILL, BUT POWERFUL.—They that judge of the powers of a pill by its size, would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills, what it lacks in size it makes up in potency. It is a remedy which is put up in the smallest doses, because they are so powerful that only small doses are required. The full strength of the active ingredients is secured in the form and do their work thoroughly.

A Remedy for the Rancher.—On the cattle ranges of the West, where men and stock are far from doctors and apothecaries, Dr. Thomas' Eucalypti Oil is kept on hand by the intelligent as a ready made medicine, not only for many human ills, but as a horse and cattle medicine of surpassing merit. A horse and cattle rancher will find matters greatly simplified by using this Oil.

HARD, RACKING COUGHS.

Barren accidents, the person who gets along with the least amount of cough will live the longest. Of course, the right time to attack cough is at the commencement, when it is a simple thing for the right remedy to drive the cough quickly away. As a general thing however, people spend so much time experimenting with various remedies that the cough is well underway before they know it. Then comes the long sere. You feel the hard, racking cough all through your system and get relief from nothing. You feel your stomach with nausea and indigestion to no purpose. Then you use compounds containing narcotics, which drive temporarily, and leave you slightly worse. Some coughs of this kind hang on for weeks or even months, and of course, they frequently develop into serious lung troubles. A little medicine for all coughs is Dr. Thomas' Botanic Cough Balsam, and it should be kept in the house against any emergency. With a cough which has become chronic the first effect of this remedy is a lessening of the full sensation of pain which usually is felt with such a cough. Then you are conscious that the soreness is leaving you, and presently the desire to cough grows less frequent. All this success is brought about by the healing properties of the Balsam. It is a compound of botanicals. You can get it for 25 cents at any druggist. Get the genuine with "F. W. Kissman & Co." blown in the glass.

To Cure a Corn in Twenty-Four Hours. There is no lack of so-called cures for corns. The vegetable, animal, and mineral kindoms have been ransacked for cures. It is a simple matter to remove corns without pain, for if you will go to any druggist or medicine dealer and buy a bottle of Putnam's Painless Corn and Wart Extractor and apply it as directed the thing is done. Get Putnam's and no other.
