THINGS OF VAQUE

HARD, RACKING COUGH.

Barring accidents, the person who gets along with the least amount of cough will live the longest. Of course, the right time to attack a cough is at the commencement, when it is a simple thing for the right treatment to drive the cough quickly away. As a general thing, however, people spend so much time experimenting with various remedies that the coughs will under way before they know it. Then comes the long siege. You feel the hard, racking all the night long, and get relief from nothing. You fill your stomach with nauseating mixtures to no purpose. Then you use compounds containing narcotic, which deceive temporarily, and leave you slightly worse. Some coughs of this kind hang on for weeks or even months, and, of course, they frequently develop into serious lung troubles. A true specific for all coughs is Adamson's Botanic Cough Balsam and it should be kept in the house against any emergency. With a cough that has become chronic the first effect of this remedy is a lessening of the dull sensation of pain which usually is felt with such a cough. Then you are conscious that the soreness is leaving you, and presently the desire to cough grows less frequent. All this process is brought about by healing properties of the Balsam. It is a compound of herbs and gums. You can test it. 25 cents at any druggist's. Get the genuine with "F. W. Kinsman & Co." blown in the bottle.

"It Well to Know a Good Thing," said Mrs. Surface to Mrs. Know-well, when they met in the street. "Why, where have you been for a week back?" "Oh, just down to the store for a bottle of Dr. Thomas' Electric Oil," and Mrs. Surface, who hates pain, walked on. But she remembered, and when she contracted a weak back there was another customer for Electric Oil.

SOMETHING MORE THAN A PURGATIVE.—Lopurce is the only effect of many pills on the market. Purgatives, Vegetable Pills are more than a purgative. They strengthen the stomach, were other pills weaken it. They cleanse the blood by regulating the liver and kidneys, and they stimulate where other pills compounds depress. Nothing of an injurious nature, used for many purgative powers, enters into their composition.

A TONIC FOR THE DEBILITATED.—Parquie's Vegetable Pills by acting directly and thoroughly on the secretions of the body are a valuable tonic, stimulating the flagging organs to healthful action and restoring them to full vigor. They can be taken in gradual doses and so used that they can be discontinued at any time without return of the ailments which they were used to slay.

Dafness Is Curable! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhazone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhazone quickly restores lost hearing, and its efficiency is also beyond dispute by the case of Mr. Foxall of St. Thomas who recovered perfect hearing by using Catarrhazone after years of deafness. Price \$1. At Druggists or by mail, from Polson and Co., Kingston, Ont.

When the Baby Cries at Night

there is a cause for it. Perhaps it is gas on the stomach, may be cramps or diarrhoea. Don't lose sleep, anticipate such contingencies by always keeping handy a bottle of Polson's Nerviline. Just a few drops of water given inwardly, then rub the little one's stomach with a small quantity of Nerviline and perfect rest is assured for the night for both mother and baby. You may not need Nerviline often but when you do need it you need it badly. Get a 25c. bottle to day.
