 The Maid—No, ma'am.

Just one thing: prejudice, keeps some women from using PEARLINE. They think, if it acts on dirt so strongly, it must hurt the clothes. Soap and rubbing act on dirt, and the fabric is rubbed away. PEARLINE loosens the dirt better than any soap and bundles it out with little or no rubbing, and no injury.

Just a bit of silk thread! yet the Corticelli Silk Co. make 12,000 miles of it every day—nearly half-way round the globe.

There are a hundred strands of "neat" or "cocoon" silk in each thread.

Each cocoon strand is a quarter of a mile long.

Means that 4,000,000 silk worms every day spin their cocoons for Corticelli Sewing Silk—then die.

Every mile, every yard is full letter A—smooth and strong, spun on machines which stop automatically for the slightest flaw in one of the hundred strands.
