PROVINCIAL VACCINE INSTITUTION, NEW-BRUNSWICK.

His EXCELLENCY the LIEUTENANT-GOVERNOR and His HAJESTY'S COUNCIL as Patrons of the Institution, this day took into consideration the following Letter from Doctor BOYLE, the Secretary, and unanimously approved of the improvements therein suggested.

SAINT JOHN, NEW-BRUNSWICK,
22d January, 1818.

SIR,

I have the honor to transmit for the information of your Excellency, and the Patrons of the Vaccine Institution, the reports which have hitherto been received, from the Surgeons at stations, dependant on that Establishment lately formed in this Province.

The number of persons vaccinated during the short period to which the Reports refer, affords the most satisfactory proof of the advantages which have already resulted from this Institution; and it must be highly gratifying to contemplate, that it has been enabled to diffuse the important benefit of the Jennerian discovery over various parts of the neighbouring Province

It is not doubted, therefore, that the Patrons of an Institution whose foundation has once been laid, and whose object is to avert those dreadful calamities which the introduction of the casual Small Pox into our infant Colony would necessarily involve, and to which, from circumstances of a local and commercial nature it is peculiarly exposed, will give such energy to the execution of this work of general philanthrophy, as may still more widely extend its utility and secure its permanence.

With this view, some modification of the original plan might be adopted with advantage. I therefore, beg leave to suggest the following improvements, viz.

1st. That the City of Saint John, on account of its greater population and direct intercourse with other parts of the world, be called the *Central Station*

2d. That the Committee at that Station be henceforth stiled *the Directors of the Institution*, who shall conduct and manage its affairs, and correspond with the Committees at the other Stations, which shall remain as at present.

3d That a small Salary be granted to the Vaccinating Surgeon at the Central Station, as a compensation for his additional trouble in preparing charges of Vaccine Lymph, and attending to, and answering applications made for the same.

I have the honor to be, Sir,
Your Excellency's most obedient Servant,
ALEXANDER BOYLE, M. D
Surgeon to H. M. Forces, and Secretary to the Institution.

To His Excellency Major General G. S. SMYTH, Lieut Governor of the Province of New-Brunswick, &c. &c. &c.

By the Reports it appears that from the first formation of the Institution in September last to the 1st December, the numbers vaccinated are as follows:---

At *Saint John*, by Surgeon HEAD,	128
At *Saint Andrews & Moose Island*, by Assistant Surgeon BETT, 98th Regt	94
At *Fredericton*, by Surgeon BARNARD, of the 98th, & Surgeon WOODFORDE,	46
	268

AT a General Sessions of the Peace holden at Fredericton on the 15th day of January, 1818.

Ordered that the ASSIZE of BREAD be as follows:---viz.

THE Shilling Wheaten Loaf to weigh - - - -	2	12
Ditto Rye do.	4	0

And other Loaves in proportion.

By order of the Court,
