Legislature of New-Brunswick.

Thursday, 27th February, 1823.

Mr. Slason, by leave, presented a Petition from a number of Inhabitants of the Parishes of Woodstock, Northampton, Wakefield and Kent, in the County of York, praying that the upper part of the said County of York may be formed or erected into a separate County.

Which he read in his place. Ordered that the same be received and lie on the table.

Mr. Smith, from the standing committee appointed to examine liquidate and report on Public and Private accounts, reported as follows:

A, is an account of W. P. Sayre, one of the Commissioners for Roads in the County of Westmorland of money expended by him on the Road near Dorchester Island, this account is accompanied with the necessary vouchers and affidavit.

It appears that the Commissioner has expended £18 7 6, and he credits the sum of £40 received from the Treasury;--Contracts are made for the remainder of the sum in his hands, but owing to the lateness of the season when the £18 7 6 was expended, he considered that it would be more advantageous to the Public, to delay any further work until next Season:

The Commissioner charges 5 per cent on the £40 received by him, which he is entitled to when the same is expended, and there is then the sum of £19 12 6 to be expended, and accounted for.--The sum already expended was laid out under the personal direction and inspection of the Commissioner.

B, this is an account of Twenty One days attendance of William Hazen, Solomon Perley, and Phillip Nase, in exploring the proper route for the road leading from Fredericton to Saint John, by the Oromocto and Nerepis, the above named Gentlemen have charged no sum for their services, and they rely on this House to grant them such compensation as they may judge reasonable.

C, is the requisite voucher for the expenditure of £20 by William Moore, on the road from his house to the main road near Tower Hill; this voucher is now laid before the House agreeably to their order of the 18th March 1822. The expenditure of all the money in William Moore's hands, is now satisfactorily accounted for.

D, this is an account from Thomas C. Lee, (late Supervisor of the Western District of Roads) for 1821, he charges £20 for cutting windfalls and keeping the road open from Fredericton to St. Andrews from August 1821 to August 1822. This account is accompanied with the necessary voucher, and affidavit. And vouchers are produced for all the charges made in the Supervisor's account last year.

The Supervisor again claims a sum of £6 which he charged last year, but which the House did not then allow to him.

The balance due from the Supervisor to the Province last year was £24 7 6 from which deduct the £20 as above stated, and he will owe the Province £4 7 6.

E, this is an account of Colin Campbell, Esquire, Supervisor of the Road from Fredericton to Saint Andrews, for the sum of £151 5 expended by him thereon, in 1822: In this account the Supervisor's commission of 10 per cent is included, amounting to £13 15. An affidavit is annexed to the same, and the accounts of the Contractors are produced, and signed by them, but not receipted, in consequence of the Supervisor not receiving a warrant on the Treasury, to pay their demands:--It will be proper to direct the necessary receipts to be laid before the Committee at the next Session of the General Assembly.

Two of the Contracts entered into by the

Supervisor, are not yet completed, he having stopped the work until the snows are melted next Spring--these two Contracts amount to £18 10.

Of the above sum of £151 5 0 the sum of £83 was expended in rebuilding the Bridge over the Maguagadavick the accounts are clearly stated, and are satisfactory.

A Report is furnished by the Supervisor, which may be referred to for much interesting and useful information.

Ordered that the same be received and lie on the table.

The House according to order resolved itself into a Committee of the whole House on Ways and Means, of raising a Revenue in this Province.

Mr. Speaker left the Chair. Mr. Ritchie took the chair of the committee. Mr. Speaker resumed the chair.

Mr. Ritchie, from the Committee, reported that in the Committee two resolutions were made, which he read and delivered in at the Clerk's Table and which were again severally read, and agreed to by the House, and are as follows:

1. "Resolved that it is the opinion of this Committee that the existing imposts should be continued, with the exception of those that are imposed under the Act passed in the second year of His Majesty's Reign, intituled "An Act to increase the Revenue of this Province, by imposing a duty on certain Merchandise," and that the Law for raising a Revenue in this Province should be continued."

2. "Resolved that it is the opinion of this Committee that a duty should be imposed upon all strong liquors, distilled within this Province."

And that he was directed to move for leave to sit again. Ordered that the report be accepted and leave granted.

And further ordered that Mr. Simonds, Mr. Smith, and Mr. M'Kay, be a Committee to prepare a bill to revise and continue the Act for raising a Revenue in this Province, agreeably to the first resolution.

And that Mr. Ritchie, Mr. Stubs, and Mr. J. Wilmot, be a Committee to carry into effect the second resolution.

Mr. Campbell, by leave, presented a Petition from the President and Trustees of the Saint Andrews Grammar School in the County of Charlotte, praying that the grant of £200 per annum, may be continued for the support of the said School.
