Vessels coming from the Westward will see this Light when they are as far to the eastward as Chebucto head: by keeping it open on the starboard bow it will lead them up to the beach.

This Light, will appear of a red colour, which will distinguish it from any other on the coast. It is fifty eight feet high from the level of the sea.

From the St. Andrews Herald, Jan. 16.

A few weeks ago, we stated that it was probable that the Revenue of this County for 1827, would be £10,000. viz.

Customs 6,000 Provincial 4,000

We are now enabled to state, that it amounted to £11,000. viz.

Customs 6,900 Provincial 4,100

The excess of £1,000 over our calculation was caused by the unprecedented amount of the Revenue for the last quarter.

The following are the Exports of Lumber from the River Magaguadavic, between the 5th day of January, 1827, and the 5th day of January, 1828,—in 203 vessels.

2,265 tons white pine, } Timber. 254 tons red pine, } 33 tons hard wood, } 5,536,000 feet pine boards and plank. 889,000 feet spruce deal. 848,000 pine and cedar shingles. 123 cords lathwood. 1,436 spars.

CHARLOTTE COUNTY AGRICULTURAL AND EMIGRANT SOCIETY.

HIS EXCELLENCY SIR HOWARD DOUGLAS, BART., PATRON.

At the Annual Meeting of the Charlotte County Agricultural and Emigrant Society, on the 8th instant, the following Report of the President and Directors was read and unanimously accepted.

REPORT.

The Eighth Annual Report of the Charlotte County Agricultural and Emigrant SOCIETY.

SINCE the last Annual Report nothing unusual or peculiar has transpired, materially to affect the Agricultural interests of this County, but the President and Directors have great pleasure in being able to state, that a gradual improvement in the mode of cultivating the soil is apparent, and the importance and necessity of making it the principle dependence on which to rely for subsistence, appears to be better understood and more generally admitted, and they flatter themselves that this Society has, in some degree, been instrumental in producing this result. They cannot, however, refrain from expressing their decided conviction, that those efforts are neither fully understood or appreciated.

The President and Directors have appointed a Committee to provide such quantities of seeds for the use of the Society the ensuing season as may be deemed necessary, and they are happy to say that so excellent are the Oats raised in the County from the seed imported by the Society, that it is not considered necessary to have recourse to other

Countries for a further Supply at present... but notwithstanding the very important attainment, they regret that the Oat-Mill erected in Saint David, for which a Bounty was given by this Society, does not appear to be in useful operation, although the proprietor appears to have fulfilled his contract in every respect, and the meal which has been manufactured there has been of excellent quality.

The President and Directors have purchased from the Central Society, at a considerable expense, a Bull and a Ram, of the most approved breeds, imported from England, which they trust will be found an useful acquisition, but as there is already an excellent breed of Horned Cattle in the County it may become a question whether, hereafter, the funds of the Society may not be better appropriated in the purchase of implements of Husbandry and for other purposes tending more immediately to advance an improved system of cultivating the soil.

The successful attempt made in establishing a Cattle Fair at Saint Andrews in November last, has led to the conclusion that a Cattle Show might be united with the Fall Cattle Fair, and the President and Directors recommend that prizes may be awarded for that purpose, being of opinion the same will promote the general views of the Society.

Your Secretary has been in correspondence with the Commissioner of Crown Lands on the subject of appropriating tracts of Land for the use of Emigrants, and the President and Directors have the satisfaction to state that the suggestion was favourably received and has met with the approbation of His Excellency the Lieutenant Governor, and that a Warrant of Survey has been ordered to be issued, to lay out certain Lands between True's on the Fredericton Road and L'Etang, reserving portions of the same for the well founded claims of the old Seulers; and the President and Directors are in expectation, that by the ensuing Spring, a system will be devised and adopted, to render it practicable to afford a sufficient inducement to respectable Emigrants to remain in the County; hitherto all that the Society could do for them was to supply gratuitously, small quantities of Seeds.

The Treasurer's account will be laid before you, by which it will be found, that the finances of the Society are in a prosperous state, but requiring the constant attention of its officers.

The President and Directors in conclusion, most strenuously recommend a steady perseverance in the good cause, in which the Society has embarked, and trust that renewed efforts and continued perseverance will overcome the obstacles still impeding its legitimate course to extended and practical improvement, and ultimately attain the grand object of this formation...the prosperity of the Country in which we live.

PETER STUBS, Secretary.

January 8, 1828.

The following Gentlemen were appointed a Committee to audit the Treasurer's accounts:

H. HATCH, Esq. F. E. PUTNAM, Esq. Mr. J BROWN, Jun.

Who reported that they had duly audited the amounts submitted for their inspection and approved of them.

The following gentlemen were appointed Office-Bearers and Committee men, for St. Andrews Parish:

JOHN DUNN, Esq. President. THOMAS WYER, Esq. } Vice Presd'ts. WILLIAM KER, Esq. }

J. CAMPBELL, Esq. C. CAMPBELL, Esq. J. WILSON, Esq. Messrs. J. DOUGLAS, J. M'LACHLAN, T. SIME, J. PARKINSON, J. WALTON, D. MORRISON,

Committee

PETER STUBS, Esq. Secretary. D. W. JACK, Esq. Treasurer.

It was then Resolved, that the proceedings be published in the "Saint Andrews Herald."

At five o'clock a large party sat down to an excellent dinner, at BARCOCK'S Hotel, at which Thomas Wyer, Esq. one of the Vice Presidents, (the venerable and worthy President of the Society, John Dunn, Esq. being indisposed,) presided, supported by John M'Lachlan, Esq. The following Toasts were given from the Chair:

The KING.—Four times four. The day we celebrate, and all who honor it.

His Excellency Sir Howard Douglas, the Patron of this Society.

The Duke of Clarence and the Navy. The Duke of Wellington and the Army.

Agriculture, Commerce and Navigation. Sir James Kempt, and our sister Province of Nova Scotia.

The Governor General of British North America.

These were succeeded by many volunteer Toasts suitable to the occasion, indeed some of them piquant and much to the purpose, and we regret that our limits will not admit of their insertion. C. S. DAVIES, Esq. the Gentleman named in our last publication, sent from Portland by the Government of the State of Maine, to Fredericton, was in town the day previous, and was invited to the dinner, but pressing circumstances of a private nature, hurried his departure, and he apologized to the Society for his non attendance, and through the medium of a friend, proposed the following Toast, which was drank with animation,—"The health of Sir Howard Douglas, and that of his excellent and amiable Family." This was followed by drinking the health of Mr. Davies, and a speedy and happy return to his family. In the course of the evening, some excellent songs were given; indeed, the Anniversary Meeting of the Society has always borne testimony to the taste and judgment of its members in that department. The Meeting did not separate till a late hour. It is only doing justice to Mr. BARCOCK, to say, that the viands and wines were excellent, and that the whole arrangement was highly creditable to his judgment and management. We are happy to learn that a considerable accession of Members to the Society have been lately obtained, shewing at once, the public spirit and patriotism of the respective persons.
