"SIR-I am directed by the Lords of the Committee of Privy Council for Trade, to transmit to you the enclosed copy of a Petition from the Chamber of Commerce in New Brunswick, relative to the duties on Salted Provisions and Wheat Flour in that Colony; and I am to request that in drawing the attention of Lord Glenelg to this Petition, you will also place under his notice the new regulations of the Act of April, 1831, chap. 24, which was passed for the purpose of preparing for the readmission of the ships of the United States to a trade with our Colonies.

"In the second section of the Act referred to, Salted Provisions and Wheat Flour, as well as Wood and Lumber, are rendered free of duty in the two Canadas. But in the third section Wood and Lumber only are declared to be free in New Brunswick, Nova Scotia and Prince Edward Island.

"The desire of the Lords of this Committee was to have extended to the three last named Colonies the exemption granted to the Canadas, but they refrained from doing so, because it was stated by the Secretary of State that the finances of those three Colonies required the continuance of duties on flour and provisions.

"The Lords of this Committee are aware of no Commercial grounds upon which they should avoid to place these five Northern Colonies upon the same footing; and therefore his present opinion thereon.
