THE HALIFAX MORNING POST,

And Parliamentary Reporter.

BY J. H. CROSSLEIGH, No. 13, HOLLES STREET, HALIFAX, N. S.

IT is now four months since the publication of this paper was commenced, and during that short period, it has become established in character and circulation in Nova Scotia and in many portions of New Brunswick.

It transmits regularly, by every mail, to all places in both Provinces, the latest and most important intelligence on all subjects interesting to the Colonies or the Empire at large. Four hours after the arrival of the Canada Steamers from England, there is issued from this office an extraordinary sheet, containing the news, which is thus sent by the same conveyance that carries the English Mail, to the towns at a distance from the Capital,—to New Brunswick, to Prince Edward Island, and to the United States of America: so that the Subscribers to this paper receive the English news free of extra charge, earlier than it can be obtained through any of the ordinary channels.

NEW BRUNSWICK.—Once every week the Morning Post publishes a letter, replete with wit and information, from a talented correspondent in St. John—whose graphic sketches of society, and humorous descriptions, are universally admired, while they are increasing the esteem in which the Morning Post is held in New Brunswick, and extending its circulation among her inhabitants.

To furnish a correct Report of the sayings and doings of the Parliament of Nova Scotia, is one of the chief objects of this paper.

Immediately after the close of the Session, the proprietor of the Morning Post will commence the publication of a series of ORIGINAL TALES, POEMS, ESSAYS, and SKETCHES,—his desire being to encourage native genius, and to extend and beautify the walks of colonial literature. He trusts that this new and novel feature in the journal under his control, will secure for it as extensive and permanent a circulation, as it is humbly conceived, a paper on which so much labour is expended, is justly entitled to.

The Morning Post is mailed to Country Subscribers at the low price of Fifteen Shillings per annum, in advance; or it will be sent to any address, for one year and a half, on the receipt of a pound note in advance,—free of Postage.

The Sam Slick papers, third series, are now being republished in the Morning Post.

NEWSPAPER ON A NOVEL PLAN.

A JOURNAL ON A PLAN ENTIRELY NEW, WILL BE SHORTLY PUBLISHED IN LIVERPOOL, IN CONNECTION WITH THE "NEW YORK ALBION."

TO BE CALLED

"THE EUROPEAN."

ITS novelty will consist in being published

on the days on which the steamers severally sail, so that it may always bring the very latest news. Another feature will consist in its combining every kind of intelligence, political, commercial, and general; and it will be ready for delivery to the subscribers immediately on the arrival of the vessels. Copies for the South and West will be forwarded by the first mail. There is no single publication in Great Britain which occupies this ground, and "THE EUROPEAN" will combine all the matter of interest to American readers, of half a dozen British Journals. A comprehensive summary of all the current political, parliamentary, and general news of the day, will be given on one page, while on another will be presented an accurate digest of the Money Market, Cotton Market, and Financial and Mercantile Affairs at large. The proposed publication will indeed supersede a number of Price Currents, Circulars, Shipping Lists, &c. and will put the merchant, the politician, and the man of leisure, in possession of all the European intelligence that can interest him, a few minutes after the vessel shall be in port. The subscription for this publication will be at the low price of \$4 per annum, to the public generally, but those who do or shall take the Albion also, will be charged only \$2 per annum each, in addition to the regular Albion subscription. Advantage will be taken of Mr. Cunard's Steamers whenever their priority of sailing promises a priority of arrival.

Subscribers to the Albion residing in the West Indies and South America can have The European forwarded to them direct from Liverpool, on making known their wishes at the Albion Office in New York.

It is stated in the above Prospectus that subscribers to the Albion will receive the European at Two dollars per annum. Of the merits of the Albion it is not necessary to speak, as it is already so well known throughout North America. Suffice it to say, that it continues to be published with its wonted regularity, and to enjoy its usual large share of public approbation. Its embellishments and adjuncts of Plates are of a superior order, and gives much value to the work. By the following article which has lately appeared in the Albion, it will be seen that three new Plates are announced, which, together with the paper itself, offer abundant attractions to the lovers of Literature and the Arts.

In our last we announced our intention of issuing to our subscribers two Plates in the course of the ensuing year, the subjects being the Duke of Wellington and Windsor Castle. It has occurred to us that it might be acceptable to our readers, if we were to select an American subject for one of our prints. This would seem to be but fair to our American subscribers, as most of our previous plates have consisted of English subjects; we have accordingly determined upon adopting this course. Consistently with this determination, and with our most careful endeavour to present that which shall be equally acceptable to all, we propose to offer in addition and in due course the portrait of WASHINGTON.

The events of the Revolution has now become matter of history, and are too far removed from the present time to allow of the continuance of hostile feelings on either side. The one great nation has become two—the independence of the offspring has been acknowledged by the parent, and they meet upon the great theatre of the world on terms of equality and friendship. Situated as they are, they have a mutual interest in promoting each other's prosperity;—by peace they gain every thing, by war they lose all. The interests of no two nations upon the globe are so intimately blended, and it is impossible to injure one without inflicting a blow upon the other. In blood, in language, in laws and institutions, the two people are still one, and the only difference that the philosophic philanthropist can discover between them is, that the government of one is at London and the other at Washington.

Such being the relative position of the two countries it behoves every virtuous citizen of both to promote and inculcate to the best of his abilities, peace, harmony, and reciprocal good will.

"In our humble labors, which have now continued upwards of eighteen years, it has ever been our aim to cherish and promote these sentiments, and we think that the offering we now design to present to our American friends, will be conducive to the same end. The plate will be produced as soon as practicable, and will be superior in execution to any that we have yet offered to our readers."—Albion, November 28, 1840.

Orders for one or both papers will be received at the Albion Office, or by any of its agents.

PROSPECTUS.

THE MONTHLY REVIEW,

DEVOTED TO THE

CIVIL GOVERNMENT OF THE CANADAS.

THE Canadas have been united under an amended constitution—the foundation has been laid for an improved system of government. The success of that constitution will greatly depend upon a correct understanding and a just appreciation of its principles; and the advantages of the new system of government will be essentially influenced by the views and feelings of the inhabitants of the Canadas themselves. At a period so eventful, and under circumstances so peculiar, it is of the utmost importance that the principles of the constitution should be carefully analysed, and dispassionately expounded; that the relations between this and the mother country, and the mutual advantages connected with those relations, should be explained and illustrated; the duties of the several branches of the government and the different classes of the community stated and enforced; the natural, commercial, and agricultural resources and interests of these provinces investigated and developed; a comprehensive and efficient system of public education discussed and established; the subject of emigration practically considered in proportion to its vast importance; the various measures adapted to promote the welfare of all classes of the people originated and advocated; and a taste for intellectual improvement and refinement encouraged and cultivated.

Such are the objects of the MONTHLY REVIEW; objects which it is intended to pursue with views and feelings as unbiased and comprehensive as those of the government itself. Such a publication is a desideratum in the Canadas. The subjects to which its pages will be devoted require, at the present juncture, a more elaborate discussion than is suitable to the columns of a newspaper, and ought to be embodied in a convenient and permanent form. The topics discussed, and the subjects introduced, will become more varied as the immediate objects which have called the publication into existence shall have been accomplished. A monthly retrospect of public affairs, containing notices and observations respecting the measures of the government, and the leading events and questions of the day, will appear in each number.

THE MONTHLY REVIEW will, for the time present, be conducted under the supervision of JOHN WAUDRY, Esquire, late Editor of The Upper Canada Herald, assisted by several able writers in the two Canadas. A general invitation is also given to Gentlemen of talents and acquirements to contribute to the columns of the REVIEW. Each number will contain from 60 to 80 pages, royal octavo, double columns, small type and fine English paper. Each volume will contain not far from seven hundred pages, and furnish about as much reading matter as is contained in three common octavo volumes of five hundred pages each.

TERMS.—Price 20s. per year, including postage, payable in advance. As the work is undertaken with no view to emolument, it will be enlarged and improved in proportion to the amount of available subscriptions. It will not be sent to any Subscriber without payment of six months subscription in advance. No subscription received for less than six months. All Post Masters are respectfully requested to act as Agents. Any Post Master or other person forwarding the names of six Subscribers, with the subscriptions, will receive a copy, gratis, during the same period. The first Number will appear on the first day of January, 1841. All communications must be addressed to the Editor of the MONTHLY REVIEW, Toronto, and be post paid.

The Editor is permitted and authorised to add, that the MONTHLY REVIEW has been undertaken with the sanction and under the patronage of His EXCELLENCY THE GOVERNOR GENERAL; although the writers alone will be responsible for the matter which it may contain.

Toronto, Nov. 4, 1840.
