

of about 500; and several hundreds on trial.—This is nearly double the increase of any former year. The first New Brunswick Conference was held at St. John in 1827, when there were five regular missionaries and less than 600 members in all the Societies. There are now 25 missionaries and 3300 members. Since that period, upwards of 30 Chapels, some of them large and elegant structures, and Mission Houses in various circuits have been erected. There are also in course of erection, eight or ten additional Chapels, besides the Academy at Sackville, which is the individual and magnificent gift of a gentleman belonging to the Methodist Society in that place. Several applications from new places for Missionaries were received, but the resources of the district could not at present supply them.—It is hoped however, that in a short time the most pressing cases may be attended to.

A Public Meeting was this day held at the County Court House in Sunbury, pursuant to a notice from the Sheriff, at the suggestion of His Excellency the Lieutenant Governor, for the purpose of forming an Emigrant Society.—Owing to the lateness of the hour at which the meeting was convened, the attendance was not so large as might have been expected; but a number of the most respectable and influential men of the County were present, and Thomas O. Miles, Esquire, being called to the Chair, the following resolutions were unanimously adopted—

Resolved, That a Society be now formed, to be denominated, "The Sunbury Emigrant Society."

Resolved, That the following gentlemen constitute the officers of the Society: J. M. Wilmet, Esq., President; Thos. O. Miles, Esq., Vice President; D. W. Perley, Secretary; John Hazen, Esq., Treasurer.

Resolved, That the following gentlemen constitute a Committee, for the purpose of obtaining subscriptions in order to meet the requirement of the Legislature, previous to application for the Provincial Grant.—Stephen Peabody, Esq., George Morrow, James Tilley, Esq., Stephen Burpe, George Hayward, Esq., Aaron Bailey, Edward Perley, Charles Hazen, Esq., William Scoullar, James Payne, Enoch Lunt.

Resolved, That three of the Committee, together with the office-bearers, form a quorum, for the transaction of business; and any person contributing the sum of 5s. annually be deemed a member of the Society.

Resolved, That the Secretary immediately transmit to the members of the Committee, copies of the above Resolutions, and request them to use their influence in obtaining subscriptions for the above named purpose; which they will please to present at an adjourned meeting, to be held on the first Monday in July at 2 o'clock p. m., at the County Court House.

Resolved, That the President, Secretary and Treasurer, be appointed a Committee to draft Resolutions for the regulation of the Society; and the appropriation of the funds to be submitted at the next meeting for approval.

D. W. PERLEY, Secretary.
Sunbury, June 15, 1841.

[From the Saint John Courier.]

SUPPOSED PIRACY AND MURDER.—The ship Charles, Captain Gorham, of Bath, Maine, which sailed from New Orleans on the 1st inst. with a cargo of staves and lumber, and thirteen passengers, and a crew of thirteen, for Bordeaux, was observed on the 4th, from the tow-boat "Tiger," apparently steering for the south west Pass, and when boarded was found with all her sails set, and the jib, which was flying loose, appeared to have been cut, probably to make an awning for one of the boats, but without any person whatever on board, and completely rifled of every article of baggage, clothing and bedding. On examining the vessel's deck, spots of blood, having the appearance of being recently shed, were discovered, with a small pool of blood running towards the scuppers—altogether having every appearance of a shocking and bloody occurrence; but whether the work of pirates, or of a mutinous crew, is involved in mystery.

In the course of the morning, about ten miles distant from the Charles, a boat recognized as one attached to that vessel, and containing a dog, said to belong to one of the passengers, was picked up. The dog appeared by no means exhausted, and had evidently not been long adrift, as when offered water he did not lap it very eagerly. No vestige of the other two boats belonging to the ship having been discovered after diligent search, the "Tiger" returned to the Charles, took her in tow, and returned with her to New Orleans on the morning of the 6th.

A great many different stories were afloat as to the fate of the passengers and crew, and the cause of the strange situation of the vessel. Several of the passengers, who were on their way to France on business, are known to have had large sums of money with them, which might have induced the crew to mutiny, but then the fact of all articles of bedding, &c., having been removed from the vessel, does not favour this view of the case, while it is supposed that a piratical vessel of large size might have been in want of such outfits. It appears that the ship was somewhat leaky, and a memorandum on the log state that "the ship continues to make water," has induced some to suppose that she was abandoned on that account; but as she had a cargo of lumber, was near the land, and vessels constantly passing, that supposition does not seem very probable, in the absence of all tidings of the crew; besides when the ship was found she had but little water in her, and though she had probably been abandoned thirty six hours, she was readily pumped out, and leaks but little more than ships usually do.

Several steamers and other vessels had been fitted out to cruise in search of the supposed piratical vessel, and it is much to be hoped that some discovery will soon be made, which will throw light upon this strange affair.

A suspicious looking schooner, of 18 tons, said to have been fitted out to convey negroes from Cuba to Texas, on speculation, had been captured,—it having been supposed that her crew, consisting of a Capt. De Patron and seven seamen, had some hand in the supposed piracy of the Charles. Another suspicious individual, named Nugent, arrested on board the tow-boat Tennessee, had a large bloody bowie

knife concealed on his person. They were all committed to the parish prison at New Orleans on the 9th June, to undergo examination.

We understand that His Excellency Sir William Colebrooke intends visiting the City in a few days, to meet Lady Colebrooke and family, who are expected in the next Steamer from England; they will probably reach this City next Saturday morning in the Steamer Nova Scotia from Windsor.

MILITARY MOVEMENTS.—We learn that the 69th Regiment is to proceed from this Garrison to Fredericton, to take the place of the 36th, which removes to Saint John.

We understand that Mr. Cassels, Manager of the Branch of the Bank of British North America, at Miramichi, which is to be discontinued, has been appointed to succeed Mr. Paton, as Manager of the Quebec Branch.

[From the Quebec Mercury, 19th June.]

By an arrangement previously made we were, yesterday morning, enabled to place before our readers the Speech of His Excellency the Governor General, on opening the first Session of the first Parliament of the Province of Canada, delivered at Kingston in the afternoon of Tuesday, the 15th instant. It has been well received in all quarters, and the assurance of protection to Her Majesty's Canadian subjects, and of national assistance in developing the ample resources possessed by the Province, are subjects of general and deep gratification to the great majority of those to whom these benefits are to be extended.

The case of M-Leod is touched upon and affords the opportunity of conveying to the Canadians the assurance that the protecting arm of the British nation will be stretched over them, should foreign aggression call for such interposition. The re-modelling of the Post Office system, so as to reduce the rate of postage to a proportion more nearly approaching that now in force in the Mother Country, will be an acceptable boon, more especially to the Commercial community. But the great subject of congratulation is the assurance that Her Majesty's Government will recommend to Parliament to grant such assistance as may be necessary for carrying out those measures which may be judged most conducive to the development of the vast resources of the Province, the completion of which cannot be attempted with its present financial means.

Immigration is the next subject to which the attention of the Legislature is directed, and it is highly satisfactory to find that His Excellency is fully alive to the necessity of securing to immigrants ready and constant employment; and that a scheme for the disposal of the public lands, a system of self government, and a scheme for the advancement of education, are amongst the subjects recommended to the Legislature; a due provision for the latter is recommended, and whilst the difficulties which beset this important measure are admitted, it is strongly recommended that steps should at least be taken for diminishing those under which the people of this Province at present labour.

In the latter part of the speech His Excellency reiterates the assurance of the protection which it is the fixed determination of Her Majesty to afford all Her North American Provinces, and after advertising to the effect happily produced by the tranquillity of the last eighteen months in the restoration of trade and immigration, concludes with the following beautiful aspiration which cannot be to often repeated, and which all must fervently hope will not be neglected by those to whom it was more immediately addressed, and on whose example so much at the present moment depends:—"May no dissensions mar the flattering prospect which is open before us—may your efforts be steadily directed to the great practical improvements of which the Province stands so much in need, and under the blessing of that Providence which has hitherto preserved this portion of the British Dominions, may your counsels be so guided as to ensure to the Queen attached and loyal subjects, and to United Canada a prosperous and contented people."
