By the *Caladonia*, which arrived at Halifax on Thursday last, we are put in possession of news from Great Britain to the 4th instant, being 15 days later than that received by the last English Mail. She made her passage across the Atlantic in 11 days and 5 hours.—Our files received by her give information of the Prorogation of Parliament, which took place on the 22d ultimo. The Speech from the Throne was delivered by Her Majesty in person.—Her Majesty held a Privy Council on the following day, at which a Proclamation for the dissolution of Parliament, and likewise for summoning a new Parliament was ordered; the Writs are made returnable on the 19th August. We have made a selection of such News as we consider most important, and as far as our columns will permit.

Lady Colebrooke and family arrived at Halifax in the *Caladonia*, from Liverpool, on the 15th instant, but had not reached Windsor when the Steam Boat left that place on the following evening. They will probably arrive here with His Excellency to-morrow, in the *New Brunswick*.

The Lord Bishop of the Diocese has signified his intention to visit, during the present summer, those parts of this Province which he was obliged to leave unvisited last year. His Lordship's arrival may be expected early in August.

His Excellency Sir W. M. G. Colebrooke, who left this place on the 6th inst., accompanied by Lieutenant Colonel Hayne, his Provincial Aide de Camp, on a tour through the Northern and Eastern parts of the Province, has visited the several Counties of Northumberland, Kent, Westmorland and Saint John, at which places His Excellency met with most cordial receptions.—The following Addresses, which are respectively replied to, have been presented to His Excellency:—

To His Excellency Lieutenant Colonel Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY.—We, the Inhabitants of Miramichi, in the County of Northumberland, most cheerfully avail ourselves of this opportunity to express the high satisfaction which Your Excellency's appointment to the Government of New Brunswick, has afforded to the inhabitants of this part of the Province, inasmuch as the judicious and satisfactory manner in which Your Excellency has administered the Government of another Colony, ought to be, not only a most satisfactory guarantee that Your Excellency's administration here will be wholesome and beneficial to this country, but is an additional proof of the maternal solicitude of our beloved and most gracious Sovereign for the welfare of this loyal and happy Colony; and we beg to assure Your Excellency that the promptness with which you have, on the present occasion, presented yourself amongst us in this distant part of the Province, at the expense of so much personal comfort and convenience to yourself, cannot but be highly gratifying; as it evinces on the part of Your Excellency a most anxious desire thus early to make yourself personally acquainted with the different sections and local interests of the country at large.—The resources of this side of the Province, both in a commercial and agricultural point of view, are great, and requires nothing but enterprise and capital to bring them into active operation; the fertility of our soil and the salubrity of our climate, coupled with our resources for trade, our extensive sea board and field for prosecuting the fisheries, and constant intercourse with the Mother Country, render New Brunswick an important and highly promising opening for immigration; and we earnestly hope that the laudable desire to encourage that object, so early manifested by Your Excellency, with the fostering care of the Legislature, may be the means of attracting to our shores a class of settlers, possessed of sufficient capital to enable them to prosecute agricultural pursuits with advantage to themselves and the Colony at large.

We beg leave to thank Your Excellency for this visit, and to express our best wishes for your happiness and prosperity, both in your public and private character; and in conclusion, to assure Your Excellency of our earnest prayers for the safe arrival of Lady Colebrooke and your amiable family, and that Your Excellency, ere long, may have the happiness to meet them in the full enjoyment of health.

Miramichi, 7th July, 1841.

### REPLY:

To the Inhabitants of Miramichi, in the County of Northumberland.

GENTLEMEN,—I feel peculiar satisfaction in receiving the address which you have presented to me on my arrival at this place. The sentiments of a community which has had the energy to surmount such signal trials, and by its intelligence and spirit has risen so rapidly to distinction, are entitled to great weight.

From the observations I have been enabled to make since my arrival in the Province, I can fully attest the accuracy of your opinion, that its resources for agriculture and commerce, require nothing but capital and enterprise to develop them.

I have traversed districts, which, in natural advantages, hold out the most encouraging prospects to the Emigrant, and I cordially join with you in hoping that the settlement of so fine a country, maintaining so constant an intercourse with the United Kingdom, may be accelerated by the early application of capital, and by welcoming to its shores all who are able to co-operate with you.

Considering the extent of territory to be reclaimed, it is obvious that the unaided resources of the present population are inadequate to so vast an undertaking.

The confidence you are pleased to repose in my disposition to promote your views for the public improvement is very gratifying, and if the experience of a life, devoted to the public service, may, in any manner be useful to you in their prosecution, I shall derive the highest satisfaction in promoting the desire of Her Majesty for the welfare of her faithful subjects of New Brunswick.

For your personal good wishes towards myself and my family, I request to return you my warm thanks; it is no slight gratification to me that their expected arrival in the Province should thus be welcomed by you.

W. M. G. COLEBROOKE.

Miramichi, 10th July, 1841.

To His Excellency Lieutenant Colonel Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY.—We, the Magistrates and principal Inhabitants of the County of Kent, beg leave most respectfully to approach Your Excellency, and express our grateful acknowledgements for Your Excellency's visit to this County.

We approach the Representative of our most gracious Queen with sentiments of the most devoted loyalty and attachment to the Laws and Constitution of our Mother Country; and to assure Your Excellency that the Inhabitants of this County will yield to none in loyalty and attachment to our most gracious and illustrious Queen Victoria, her Person and Government.

In thus visiting this remote portion of the Province so soon after the appointment of Your Excellency to its Government, we dis-

cover an anxious desire on the part of Your Excellency to become intimately acquainted with the wants and resources of every part of this Colony, with whose destiny Your Excellency has been recently connected.

We earnestly wish Your Excellency health, happiness, and prosperity, and that, under Divine Providence, Your Excellency's endeavours to promote the welfare of Her Majesty's subjects, in this portion of her widely extended Empire, may be crowned with success.

Richibucto, 6th July, 1841.

### REPLY:

To the Magistrates and principal Inhabitants of the County of Kent.

GENTLEMEN,—I receive with great satisfaction the Address which you have presented me on my arrival in this County.

Although the time is short which I am at present able to devote to the object of visiting the remote parts of the Province, it has afforded me an ample opportunity of appreciating the resources of the Country and the spirit of its Inhabitants.

In return for the sentiments which your Address conveys, I venture to assure you, that I cannot more effectually fulfil Her Majesty's desire for your welfare than by assisting you gradually to realize all the benefits which the Laws and Constitution of England are calculated to confer on you.

Accept my sincere acknowledgements for your good wishes towards myself, which are the more gratifying to me from a full sense of the arduous charge which I have undertaken, and the value of your support in carrying out the views of Her Majesty for the benefit of Her Subjects.

W. M. G. COLEBROOKE.

Richibucto, 9th July, 1841.

To His Excellency Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

We, the Magistrates and others, Inhabitants of the County of Westmorland, avail ourselves of the opportunity afforded by Your Excellency's visit to the County, to offer our congratulations on your Excellency's assumption of the Government of this Province.

The long and successful experience which Your Excellency has had in public life, with the interest already manifested by Your Excellency in the affairs of this Province, by thus early visiting its different Counties, and becoming acquainted, from local observation, with its agricultural and commercial resources and capabilities, afforded us the strongest pledge that this Province will, under Your Excellency's administration, rapidly advance in the career of social improvement and prosperity.

As an object in which we feel a peculiar local interest, we would intimate to Your Excellency the great importance of connecting the waters of the Gulf of St. Lawrence with those of the Bay of Fundy, and we venture to express a hope that this long contemplated and truly natural object may, under Your Excellency's auspices, be undertaken and accomplished.

With anxious wishes for the safe passage and early arrival of Lady Colebrooke and family.

Sackville, July 12, 1841.

### REPLY:

To the Magistrates and others, Inhabitants of the County of Westmorland.

GENTLEMEN,—Although my visit to the several Counties of the Province was not required to impress me with a conviction of the great resources, and of the disposition of its inhabitants, I have derived peculiar satisfaction in the opportunity it has afforded to me of estimating these from personal observation. A community animated by such a spirit, and possessing so fine a territory, cannot fail to realize the prosperity that is open to it, and I can readily assure you, gentlemen, of the gratification I shall derive in promoting objects conducive to your welfare. I hope that the important undertaking to which you have alluded, may be at no distant time accomplished.

In returning to you my acknowledgements for your reception of me in this County, I request your acceptance of my warm thanks for your good wishes for the safe arrival of Lady Colebrooke and my family.

W. M. G. COLEBROOKE.

Sackville, July 12, 1841.

To His Excellency Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

The Humble Address of the Common Council of the City of Saint John.

MAY IT PLEASE YOUR EXCELLENCY.—

We, the Mayor, Aldermen, and Commonalty of the City of Saint John, for this special purpose convened in Common Council, beg leave most respectfully, in behalf of our fellow citizens, whom we have the honour to represent, to welcome Your Excellency most cordially on this, your first visit to the commercial metropolis of New Brunswick.

Yielding to no other part of Her Majesty's widely extended dominions in loyalty to the Throne and attachment to the Constitution under which we have the happiness to live, it affords us much pleasure and satisfaction that Her Majesty has been graciously pleased to select a person of Your Excellency's acknowledged talents and ability to administer the Government of the Province, and we trust that your former acquaintance with Colonial affairs will result in the adoption of such measures as may tend to the advancement and prosperity of this Colony.

We have already learned of Your Excellency's wish and anxiety to obtain information as to the state of all the Public Institutions of the country, and we sincerely hope that your endeavours to render those Institutions more useful and beneficial than heretofore may be crowned with success.

In conclusion, we beg leave to recommend to Your Excellency's consideration, the Trade and commerce of our City; and feel assured

that they will at all times receive your protection and patronage.

WILLIAM BLACK, Mayor.  
By order of the Common Council.  
JAS. PETERS, Jr. C. C.

### REPLY:

To the Mayor, Aldermen, and Commonalty of the City of Saint John.

GENTLEMEN.—The City of Saint John has been so long distinguished for its Commercial enterprise, intelligence, and public spirit, that I have regretted my inability to visit it at an earlier period.

I am much gratified by the confidence you express in my disposition to advance your prosperity and that of the Province at large, and I rely on this as an earnest of that support which I hope to receive in the prosecution of measures for improving the Institutions and developing the resources of the Province, which, with your liberal co-operation, I hope to see accomplished.

To extend the Commerce of the City, cannot fail to contribute largely to the general welfare, and I look forward with confidence to your community becoming not less distinguished for its wealth, than for the spirit with which it is applied to objects of social and general improvement.

I request to return you my sincere thanks for the Address which you have presented me, and which cannot be otherwise than highly gratifying to me as Her Majesty's Representative.

W. M. G. COLEBROOKE.

St. John, 15th July, 1841.

To His Excellency Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

We, the President, Office-bearers, and Members of the Saint George's Society, beg respectfully to tender our congratulations on Your Excellency's safe arrival to these shores, and for the selection made by our most gracious Sovereign, in appointing Your Excellency as Her Majesty's Representative for the administration of the Government of New Brunswick.

The public services of Your Excellency in the cause of our beloved country, being recorded in the pages of its history, admit of no panegyric from the Saint George's Society, although we feel a pleasure and a pride in addressing an officer so experienced as Your Excellency.

The principal object of the Saint George's Society, is charity, in providing means for the relief of our distressed countrymen and their descendants, while, at the same time, we have an union of feeling in loyalty to our gracious Sovereign, and of duty and respect to Her Majesty's Representative, and we hope fervently that Your Excellency's administration will prove beneficial to the best interests of this fine Province, and satisfactory to our beloved Queen, with whose authority you are duly invested.

Our sincere wishes are for the health of Lady Colebrooke and the members of Your Excellency's family.

### REPLY:

To the President, Office-bearers, and Members of the Saint George's Society.

GENTLEMEN,—I have much satisfaction in recognizing the existence of a Society in this distant quarter of Her Majesty's dominions, with so benevolent an object as that for which you are associated. The character of a community may in a great degree be estimated from its social Institutions, and I rejoice to observe that the distinctions which England has acquired for her charitable foundations, will become the characteristic of this Province.

Accept my sincere acknowledgements for the welcome you have given to me as the representative of the Queen, for the confidence you repose in my disposition to be of service to you—and for your good wishes for the safety of Lady Colebrooke and my family.

W. M. G. COLEBROOKE.

St. John, 15th July, 1841.

To His Excellency Lieutenant Colonel Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

We, the members of the Saint Andrew's Society of this City, beg to congratulate Your Excellency on your arrival in this Province, and your assumption of its Government.

We are desirous likewise of taking the earliest opportunity of assuring Your Excellency of our sincere and devoted attachment to Her Majesty's Person and Government, and to those Laws and Institutions which form the mighty bulwark of our nation, and which every true Briton is bound to revere.

Although the design and objects of our Society are confined entirely to charitable purposes, we cannot omit to express our satisfaction at Your Excellency's appointment to preside over this loyal and prosperous Province, confident in the hope that your administration of its affairs will prove beneficial to the interests of the people, and the maintenance of Her Majesty's Royal Prerogative.

Trusting that Your Excellency, Lady Colebrooke and family may enjoy health and happiness during your residence amongst us, we have the honor to remain

Your Excellency's  
Most obedient  
Humble Servants.  
(Signed on behalf of the Members of the Society.)  
JOHN ROBERTSON, President.

### REPLY:

To the President and Members of the Saint Andrew's Society.

GENTLEMEN.—The existence of so many Charitable Societies in the Province is highly honorable to its character, and the principles by which they are actuated are calculated at once to alleviate distress, and to foster in the community a spirit of Christian benevolence.

To the friendless Emigrants arriving on your shores it must be especially gratifying to learn of the existence of so many Associations composed of their fellow countrymen to whom they can apply for assistance.

From the disposition evinced by the Inha-

bitants in all parts of the Province which I have recently visited, I feel assured of their cordial support in carrying out whatever measures may be calculated to fulfil Her Majesty's desire for the welfare of the people.

It is gratifying to me that you so justly estimate the value of our Institutions; and for the confidence which you express in my efforts to sustain them, I return you my sincere acknowledgements, as well as for your good wishes towards myself and family.

W. M. G. COLEBROOKE.

To His Excellency Lieutenant Colonel Sir WILLIAM MACBEAN GEORGE COLEBROOKE, K. H., Lieutenant Governor and Commander in Chief of the Province of New Brunswick, &c. &c. &c.

MAY IT PLEASE YOUR EXCELLENCY,—

We, the Members of the Chamber of Trades of the City of Saint John, esteem ourselves most happy in having an opportunity of thus addressing you; in doing which, while it affords us an opportunity of paying that respect to your Excellency which your distinguished character and services demand, it also enables us to show, through the Representative of the Crown, our firm attachment to Her Majesty's Person and Government. We can fully appreciate, and are proud to acknowledge, the mildness and justice of the laws by which we are governed, and value our privileges, in a political point of view, as embracing the most unbounded freedom.

We heartily welcome your Excellency to the shores of New Brunswick, and regret that illness should so long have delayed the arrival of your amiable lady and family, but trust that your meeting, after a temporary separation, may afford greater pleasure, and that many years of unalloyed happiness may still be in store for your family generally.

We have had many assurances of your Excellency's determination to dispense rigid justice, and we feel assured that it is only for the oppressed to represent their grievances to have them redressed.

The Mechanics, who have now the honor of addressing your Excellency, beg to assure your Excellency, that they hold a very considerable stock in the country, and are more benefitted by an equitable dispensation of justice than any other class of people in this city; they therefore feel that they have great cause to felicitate themselves on your Excellency's appointment to the Government of this Province.

We would respectfully beg to acquaint your Excellency, that when Lord Sydenham visited this Province, a year since, he expressed a hope that the Mechanics of this City, whom he was pleased to compliment highly, should, at no distant period, become a chartered or corporate body, and we are not without a hope that your Excellency is destined to be the happy instrument of its consummation.

With our most ardent wish that an all-wise Providence may preserve in health and happiness your Excellency and family, we have the honor to subscribe ourselves your Excellency's most devoted servants.

On behalf of the Chamber of Trades,  
JOHN McLARDY, President.  
JOHN PURVES, Vice  
THOS. BARLOW, & Presidents.  
WM. F. SMITH, Treasurer.  
JOHN HOOPER, Secretary.  
St. John, June 30, 1841.

### REPLY:

To the President and Members of the Chamber of Trades.

GENTLEMEN.—The maritime and commercial character of the City of Saint John, and the enterprising spirit for which it is distinguished, have been calculated to raise the importance of every class of the community; and the happy characteristic of the English constitution is, to derive its strength and support from the equal protection it affords to their rights and interests in the impartial administration of the laws.

It is my anxious desire to uphold these principles, and I am gratified to find that you appreciate them.

I shall be ready to recommend the incorporation of the Mechanics of the City as a chartered body, if calculated to promote their welfare; and I would impress on you, that the interests of the public demand that such associations should be actuated by that spirit of liberality which is congenial to the character of our free institutions.

I thank you for the good wishes you express for the safety of my family, and I may readily assure you of my gratification that I have been called to represent Her Majesty in a community so distinguished for its morals and intelligence, and for its attachment to the laws and constitution of England.

W. M. G. COLEBROOKE.
