[Published by Command.]

Fredericton, 30th June, 1842.

SIR,—I have the honor to enclose for Your Excellency's information, a Letter I have received from the Secretary of the Admiralty, and to inform you that Lieutenant Kortright has reported, that the "Columbia" will probably be ready to proceed in the first week of July.

When she shall have arrived in the Province, I will do myself the honor to acquaint Your Excellency thereof, and will be ready to execute any wishes Your Excellency may express, in execution of the important trust confided to me, or for Her Majesty's service.

My present intention is, to make, in the first place, a reconnaissance of the entire coast of the Province, and to fix upon those points for accurate determination by Astronomical Observation, which shall be most appropriate for future Trigonometrical Survey, not merely of the coasts and sea Board, but of the interior of the Province, whenever that may be deemed expedient;—for this purpose, I think it advisable to put myself in personal communication with Captain Bayfield, and to obtain from him such observations as he may have made in the course of his Survey of the Saint Lawrence, as may be available for the projected service, and to connect the two Surveys, by embracing a sufficient number of his points in ours.

If Your Excellency should deem the opportunity favourable for taking a personal view of the sea limits of your Government, I shall have great pleasure in waiting on you, and will attend to any wishes you may please to communicate to your humble servant.

(Signed)

W. F. W. OWEN,

Captain H. M. S. S. Columbia.

His Excellency Sir WM. COLEBROOKE, &c. &c. &c.

Admiralty, 14th May, 1842.

SIR,—I am commanded by my Lords Commissioners of the Admiralty to acquaint you, that Her Majesty's Principal Secretary of State of the Colonies having forwarded to their Lordships a letter from the Governor of New Brunswick, stating the necessity of a more complete Survey of the Bay of Fundy being made, than has hitherto been effected; and my Lords having decided to entrust to you the performance of this important service, have determined to send out, to enable you to proceed in the execution thereof, Her Majesty's Steam Vessel, the "Columbia;" I consequently enclose to you herewith, a Commission, appointing you Captain of Her Majesty's said Steam Ship, the "Columbia," and have further to inform you, that Lieutenant Kortright has been appointed to her, to prepare her for sea, and then to proceed with her to Saint John, New Brunswick, there to receive you, and afterwards to act under you as Lieutenant and Assistant Surveyor; and you may look for the arrival of the "Columbia" in about two months from this date.

I am, Sir, your most obed't. humble servant.

(Signed)

JNO. BARROW.

NEW BRUNSWICK, IN CHANCERY.

Tuesday the fifth day of July, in the year of our Lord one thousand eight hundred and forty two.

At the Rolls.

Between Daniel J. M'Laughlin, Plaintiff, and John Walker and the Bank of British North America, Defendants.

UPON opening the matter this present day unto this Court, by Mr. G. Botsford, being of the Plaintiff's Counsel, it was alleged that the Plaintiff had exhibited his Bill in this Court against the Defendants, on the ninth day of February last, and had sued out process of Subpoena, requiring the Defendants to appear to and answer the same; that the said Subpoena had been duly served on the Defendant John Walker, on the twenty first day of April last, as by Affidavit appears: that the said Defendant had not caused his appearance to be entered in this suit, as by the Register's Certificate also appears: It is therefore prayed that the Plaintiff's Bill may be taken *pro confesso* against the said Defendant, John Walker, which is ordered accordingly, unless the said Defendant John Walker do appear in twenty days from the date of this order.

By the Court.
