

KING'S COUNTY.

PARISH.	How long in operation.	Av'rage attendance.		Name and Salary of Teacher.		REMARKS.
		M.	F.	Provin'l	Voluntay.	
		23	13	Eben. M. Scribner,		<i>Report Trustees, (Greenwich.)</i>
		5	9	Sophia Foster,		
		15	10	William Wear,		When necessary Schools are visited oftener than four times a year none of the popular systems are adopted generally as we consider them better adapted to larger Schools, and where the attendance is more regular, English Grammar is taught in most, Geography with use of Maps in some endeavour to impress the necessity of early piety. Protestant Catechism taught in all. Inhabitants of the Parish seem generally well satisfied with the improvement of their children. No land granted by Government for Schools in this Parish. 12 School Houses.
		15	15	Joseph Dixon,		
		11	14	Charlotte Cooxson,		<i>Westfield.</i> —Schools visited regularly and more frequently than the act requires. Teachers well qualified, out of 12 Schools, there are at present 7 Masters engaged, capable of instructing in the higher branches of education, one respectable female, three Masters calculated for the usual routine in County Schools, some Schools unoccupied. Reading, Writing and Arithmetic are taught, and English Grammar when the children are sufficiently advanced. Every child is taught the Creed, the Lord's Prayer and ten Commandments, with their duty towards God and their neighbour. The children belonging to the Church of England learn the whole of the Church Catechism. The only land belonging to the Schools, with the exception of the site for each School House, are two acres given by the late Colonel Nase, on the Nerepis, and two acres on the South side of the River Saint John, also a donation for the same purpose, both in a state of wilderness.
		23	13	Timothy Daly,		
		25	13	Ed. J. Whitman,		<i>Studholm.</i> —Only two lots of land in Parish for use of Schools, both of which are granted to Madras Schools. Schools have been examined by us as Trustees, and we regret that the Teachers are not properly qualified.
		15	10	James Laird,		
		14	10	Charles Aram,		<i>Upham.</i> —Schools visited by Trustees frequently, and have used our influence to have them well conducted, and have promptly investigated any alleged misconduct. Spelling, Reading, Writing and Arithmetic and Catechisms are taught, and in some instances scientific instruction is carried higher. Teachers generally, moral and good, particularly those licenced under the new system. Most of them keep Sunday Schools, which we would recommend all Teachers should be enjoined to do. <i>Their proficiency has not met altogether our approbation</i> , but much is to be attributed to the want of books and the irregular attendance of the pupils.
		30	15	John McGraw,		
		15	15	Pat. McDonnally,		<i>Hampton.</i> —Trustees completed in July a special examination of all the Schools in Parish. Teachers have not afforded the fullest satisfaction, but being convinced that they are the best that can be obtained for the limited compensation, they have reported favorably of them. If they had looked for better, the Parish must have remained without Schools at all. Great want of proper books.
