Annual appropriations made by the Assembly, to be expended upon the Roads and Bridges specified in the Acts granting the monies. These monies are expended by Supervisors and Commissioners appointed by the Executive Government, in opening, altering or repairing the Roads as may appear to be most advantageous at the time, and the aggregate amount would not shew, nor can it be now ascertained how much the several Roads have cost per mile. No estimates are made but such sums are granted from time to time, as the Assembly may think proper. The routes of the Great Roads are described in the Act of Assembly, passed in 1837, 7 W. 4, c. 6.

The Bye Roads which intersect the Province in all directions are laid out under the authority of the Act of Assembly, 5 W. 4, c. 2, passed in 1835.

The building was beautifully illuminated, and the Musicians well arranged. Near the Organ, (which was admirably played by Mr. Card, of St. John,) were placed the in- a taste, accuracy and sweetness unequalled by any pre-120. 4.

The music (as requested) was a repetition of the former selection very skilfully directed by Mr. Reade, and executed with
