WHEREAS by several Proclamations heretofore issued, bearing date the twenty ninth day of July, one thousand eight hundred and thirty seven, the twenty second day of October, one thousand eight hundred and thirty nine, and the twenty ninth day of June, one thousand eight hundred and forty one, the cutting of Timber in the Disputed Territory, pending the Settlement of the Boundary, was prohibited; and whereas it has been represented to me that notwithstanding such prohibitions, large quantities of Timber have been cut in and upon that Territory during the last year,—It is hereby publicly made known to all persons concerned, that if any part of the Timber so cut should be brought into the River Saint John, it will be liable to seizure; and all Seizing Officers, Magistrates and other persons on whom it may depend, are hereby required to be vigilant in aiding and assisting to prevent its introduction.

The following Circular is addressed to the several Supervisors of Great Roads, and published by Order of His Excellency the Lieutenant Governor:—

SECRETARY'S OFFICE, Fredericton, March 9, 1842.

[Circular.]

SIR,—The amount granted this year for the Great Roads being not more than will be required to keep them in a passable state, I am directed by His Excellency the Lieutenant Governor, to instruct you to confine your operations to that object; and for this purpose, after having made the requisite examination, you will proceed at once publicly to advertize for Labourers and engage them, as soon as the work can be performed, to clear the Drains, and make the requisite Repairs.

As the employment of the Labouring Poor is, from the peculiar circumstances of the Country, now an object of paramount importance, you will employ Day Labourers to the full extent permitted by the Law, taking care at the same time to keep the rates of wages as low as may be practicable; and when Contracts are to be made, you will call for them also by public advertisement, and take care to insert particularly the time within which the work is to be completed, and that it will be paid for in money when finished.

In employing Day Labourers it will be found advantageous to engage them in gangs, under some one man of the party, who should act as Foreman and Overseer, and with whom the agreement for the rate of wages should be made, but the payments to be made by yourself to each individual employed. By this mode it is believed that the men will be checks upon each other, and being associated

together by agreement among themselves, they will labour cheerfully and the work will be more faithfully and effectually performed.

You will report to His Excellency from time to time, the progress of the work and state of the Road, and you will take care to transmit to the Auditor General regular Accounts, with the requisite Vouchers, on or before the fifteenth day of October next.

I am, &c.

WM. F. ODELL.

A. B., Supervisor &c.

SECRETARY'S OFFICE, April 11, 1842.

In cases of Male applicants, it should be specified whether they are married or single men.

3rd. The Boards of Education, on these Certificates being exhibited to them, are to proceed to examine the Candidate in regard to his or her literary qualifications, specifying in their report all the particulars before required to be set forth, and whether the Candidate may previously have taught in any School, licenced, or unlicenced, in which case a Certificate from the Trustees of such School to be required, setting forth the cause of removal; and the original (or copies) of such Certificates so produced, to accompany the Report of the Board, which it is requested may in all cases be signed by the several members who have examined the Candidate, who will in no future case, receive a Licence, or the renewal of one, without the information herein required, and no Warrant will hereafter be granted for the Stipend of any Teacher, who has not received a Licence for the School in which he is employed.
