*The Royal Gazette* is regularly filed in LONDON, by Mr. P. L. SIMMONDS, Agent for the Colonial Press, *British and Foreign Newspaper and Advertising Agency Office*, 18 Cornhill, (opposite the Royal Exchange,) where Orders and Advertisements will be received and forwarded.

In a Communication for the *Gazette*, the writer states that from observation, high freshets in New Brunswick are periodical.—He remarks, that in 1794 the freshet was higher than he has ever seen it since, but some older persons give an account of one as high about twelve years previous. In 1806 the freshet rose as high, within a few inches, as at any former period known to the English Settlers in the Province; and in 1818 it was about the same height. In 1831 I was not on the River St. John, but am credibly informed that the freshet was exceedingly high, and in 1843 it has been nearly as high, (probably within twelve inches of the freshet in 1794,) but owing to the immense quantity of ice which came with it, has been far more destructive than either of the former.
