

The U. S. Congress adjourned at 4 o'clock on the morning of the 4th inst. The Washington correspondent of the New York Herald, of that date, says:—

"Yesterday, Friday, the Senate spent nearly all day in Executive Session; they met at 12 at noon, and are now, half-past three o'clock, Saturday morning, still in Executive Session. They passed the bill to send a minister to China, restricting the salary to \$9000 a year, and compelling the President to name him at the present session. They were all day in Executive session on minor appointments; and after tea, or rather after brandy and water, took up the nomination of Wise as Minister to France. This they rejected, 24 to 12. They then took up and rejected Cushing, as Secretary of the Treasury, 27 to 19. The President sent their names in three several times, and three times they were rejected. This has created great excitement here.

The President then sent in John C. Spencer as Secretary of the Treasury, and Mr. Everett as Minister to China. After considerable debate, they were both confirmed."

4 o'clock, Saturday Morning.—The Senate has just adjourned. No new nominations were sent in for Secretary of War, or Minister to France or Minister to England.

To the Public.

AS it is the intention of the Subscriber to commence the Publication of a Newspaper, in Fredericton, at an early day, and to issue a Specimen Sheet, gratuitously, in the course of the ensuing week, which will receive an almost indiscriminate circulation throughout the Province, he avails himself of this method to inform his friends, and those who are friendly to his object, that he will be happy to meet such encouragement as they may be disposed to give, for the furtherance of his intentions, in the shape of ADVERTISEMENTS, to grace the columns of his first number, which will make its appearance immediately after the arrival of the next English Mail.

Those persons who have Money to Loan, as well as those who want to Borrow—who have Houses for Sale or to Rent, or wish information of good Lodgings for the future—who have Goods or Property of any description to dispose of, or who may want to purchase—to notify Debtors, or wish their Creditors to call for pay—will perhaps do well to embrace this opportunity to manifest their desire.

The PROSPECTUS of the intended Paper will be published in the Specimen Sheet.
