THOMAS BAILLIE, Surveyor General, &c.

GOVERNMENT EMIGRANT OFFICE,

Saint John, New Brunswick, 2d January, 1843.

SIR,—I have the honor to acquaint you for the information of His Excellency the Lieutenant Governor, that the number of Immigrant arrivals in the Province during 1842, is Eight thousand three hundred and twenty nine, exclusive of desultory unofficial migrations through Prince Edward's Island, Nova Scotia, and the United States, as per accompanying Return. A gratifying feature manifested itself in this Immigration, in the general state of health in which they arrived; there being fewer cases of sickness or casualties amongst them than I ever witnessed in proportion to numbers; the details of which were duly transmitted in the prescribed Returns. Many proceeded immediately into the interior to join their friends, with a view of permanently settling there.

Since the Report which I had the honor to submit to the Lieutenant Governor on the 16th July last, nothing has yet occurred in the general affairs of the Country, to induce more flattering prospects of demand, (for a time at least) for Immigrant labourers; when, however, the reaction in business at home shall have realised steps of permanent improvement, (now so auspiciously begun) then, and not till then, will its beneficial effects be sensibly felt amongst all industrial classes here, for we cannot conceal from ourselves, that such has been the extent of exhaustion in the monetary and other resources of the many, that it must be a work of some time to redeem their condition. In the present state of depression and distress here, the debt of thankfulness of Immigration and humanity, is due to his Excellency Sir William Colebrooke; for it is to his timely intervention with the Right Honorable the Colonial Secretary of State, that an accumulating torrent of Emigration was stayed at home. Had they reached this Province, it could only have been to augment the body of misfortune now heavily pressing on the community. These expressions are, you will perceive Sir, inapplicable to another class of Immigrants whom it is most desirable to have in the country, I mean a rural population, composed of solvent yeomanry and small farmers with sufficient means to make permanent settlements.

The rates of Wages and prices of Provisions for the past quarter are indicated in the Quarterly Abstract for the Provincial Secretary's Office. It is a source of deep regret, that there is no Board of Works to employ Immigrants.

I have the honor to be, Sir,

Your most obedient, humble servant.

A. WEDDERBURN, G. E.
