(No. 288.) Downing Street, 30th March, 1845,

SIR,—I have the honor to acquaint you, for your information and guidance, that Her Majesty's Government have had under their consideration the claim of Citizens of the United States to fish in the Bay of Fundy, a claim which has hitherto been resisted on the ground that that Bay is included within the British Possessions.

Her Majesty's Government feel satisfied that the Bay of Fundy has been rightly claimed by Great Britain as a Bay, within the Treaty of 1818; but they conceive that the relaxation of the exercise of that right would be attended with mutual advantage to both countries;

—to the United States, as conferring a material benefit on their Fishing Trade, and to Great Britain and the United States conjointly and equally, by the removal of a fertile source of disagreement between them. It has accordingly been announced to the United States Government, that American Citizens would henceforward be allowed to fish in any part of the Bay of Fundy, provided they do not approach, except in the cases specified in the Treaty of 1818, within three miles of the entrance of any Bay on the Coast of Nova Scotia or New Brunswick.

I have, &c.

(Signed)
